

Zhejiang Zhengao Company Presentation

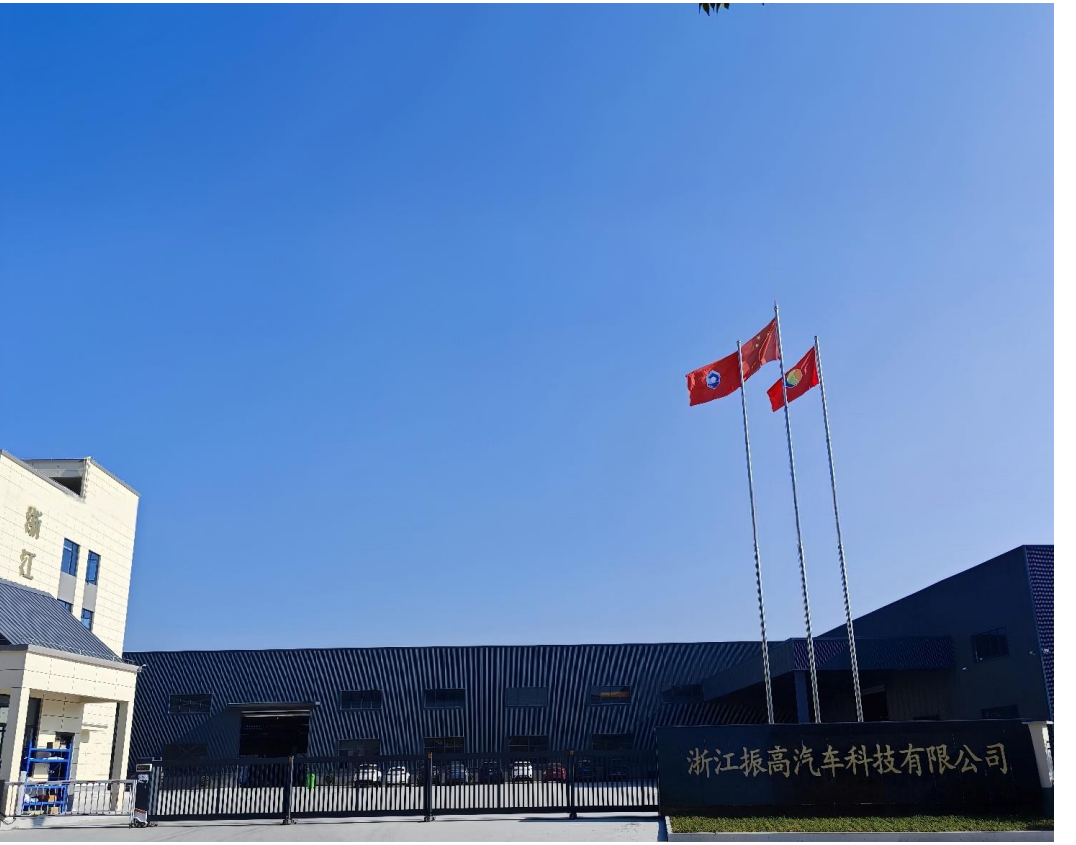
Quality for survival,innovation seeks development

Introduction

Zhejiang Zhengao's factory locates in Lishui,Zhejiang,China. Near to Ningbo port and Wenzhou port. It Covers an area of 360,000 square feets.

Employees： More than 150 employees

- There are 15 management staff
- There are 14 technicians
- There are 17 quality management personnel
- There are 94 production personnel
- 10 marketing staff



Advantages

Key products :

1. **30°wedge technology nut, high strength fastners. Mainly used in vechicle, construction euipment,train,ship,etc..**
2. **Fastners and machining parts in engine.**
3. **Precise machining parts.**
4. **Stainless fastners and products.**

Customers

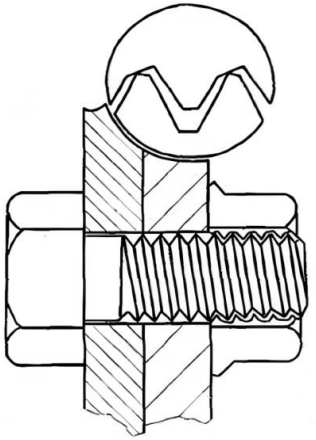
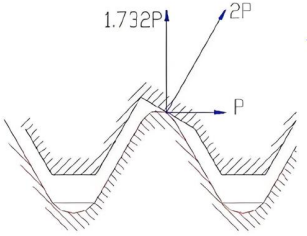
Steel structure
Medical instruments
Airplane
Petroleum Machinery

Products 1

30° wedge products





Hexagon locking nuts with flange

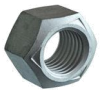
Hexagon flange locking nuts

Cap type locking nuts

Serrated non-slip hexagon Flange locking nuts

Wheel locking nuts

Wheel nuts for aluminum alloy rims



Type 2 self-locking anti-trip nuts

Locking nuts for track

Weld the locking square nuts

Thickening nuts

Heat-resisting steel nuts

Nuts for axles

Tightening locking nuts

Blind Locking nuts

Tap for 30° thread

30° thread tools

30° thread gauge

Products 2

Products of bolts

Hexagon Flange bolts

Hex bolts

Hub bolts

Stud bolts

Glue coated bolts

Hinged bolts

Clamped Bolts

Inner hexagon bolts

U bolts

Thermostability products of bolts

Products 3

Precise machining parts

Built-up nuts

Pin of all kinds

Pin key

Locking washer

Thread bushing

Threaded insert

Tee joint

Sleeve type joint

Flange plate

Seat ratchet

Other precision parts

Products 4

Stainless products：

Stainless steel hexagon nuts

Stainless steel flange nuts

Stainless steel cap nuts

Stainless steel butterfly nuts

Stainless steel spring washer

Stainless steel flat washer

Stainless steel clamp spring

Stainless steel toothed washer

Stainless steel hexagon bolts

Stainless steel flange bolts

Stainless steel Inner hexagon bolts

Stainless steel inner bolts assembly

Equipments1

Key equipments:

Cold forging

Hot forging

Automatic Tapping

Vertical Tapping

Thread roller

Grinding machining

CNC machining center

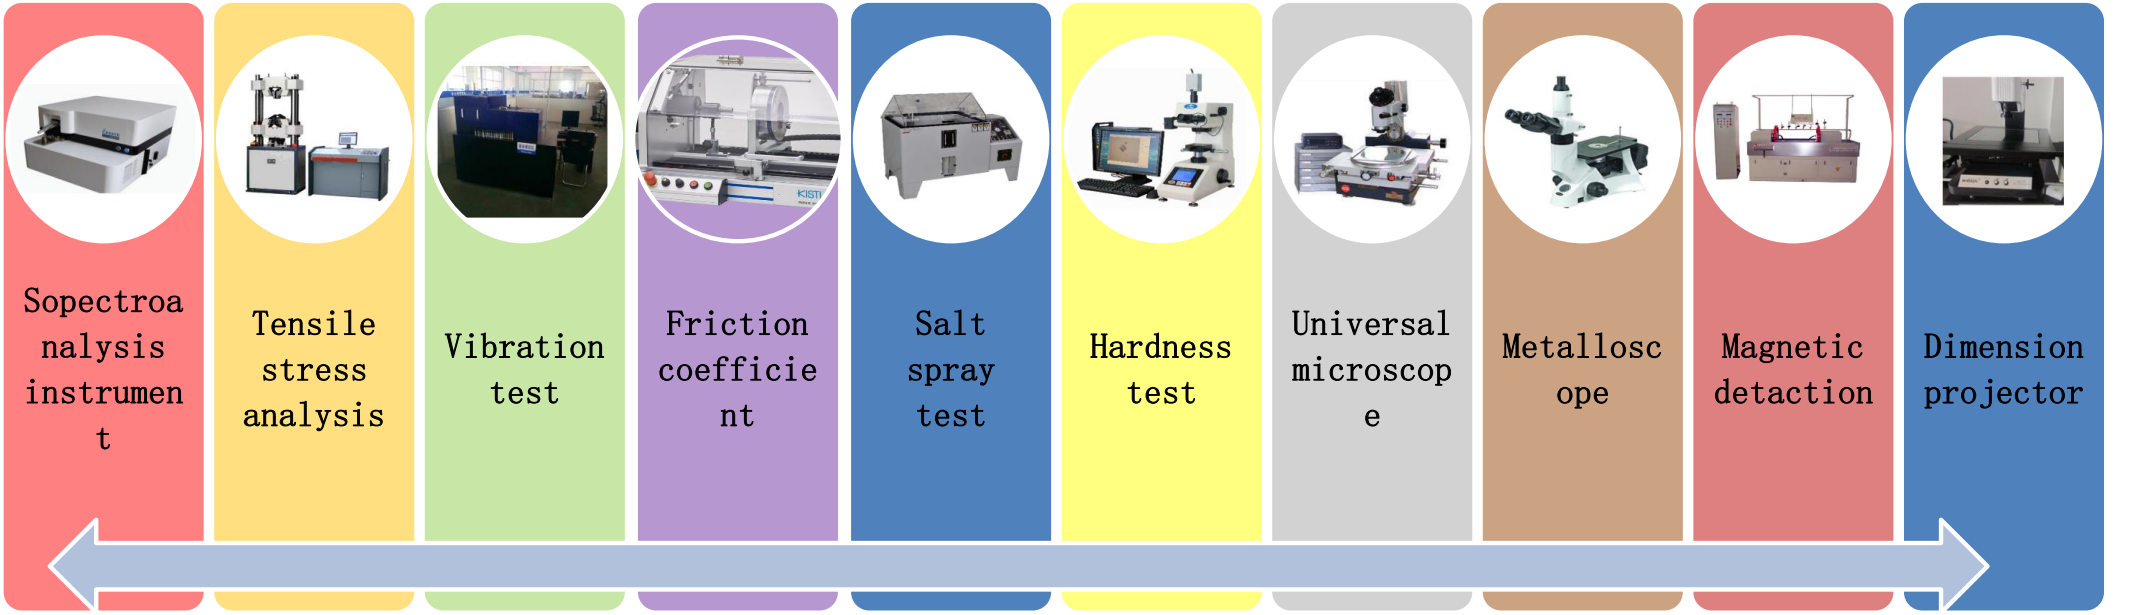
Heat treatment line

Tap thread grinding

CNC milling machine

Equipments2

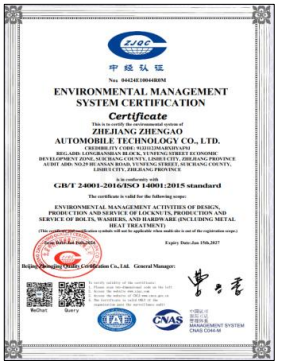
Key quality inspection euipments:



Company's Certificate

IATF 16949

ISO 9001

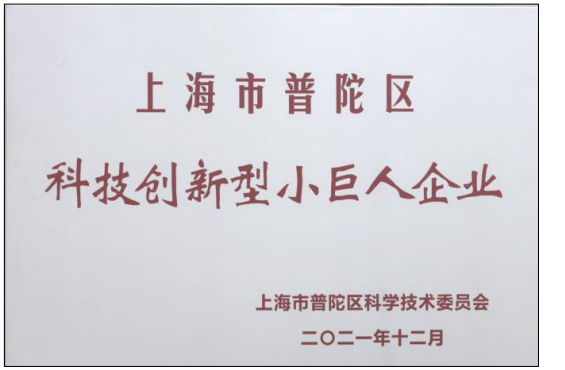


ISO 14001

ISO 45001

BUREAU VERITAS

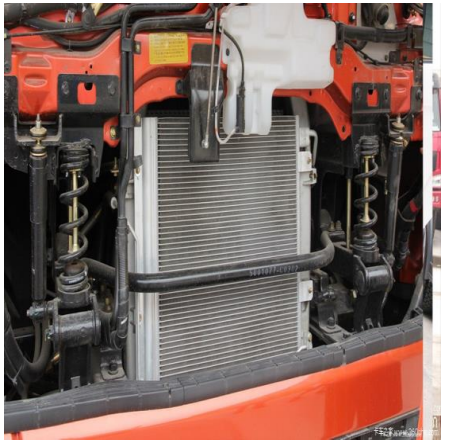
High-Tech Enterprise



Little Tech Giant

Application

Products in truck



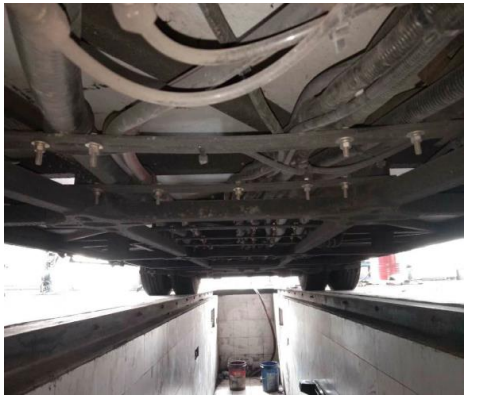
Application

Products in vehicle

Application

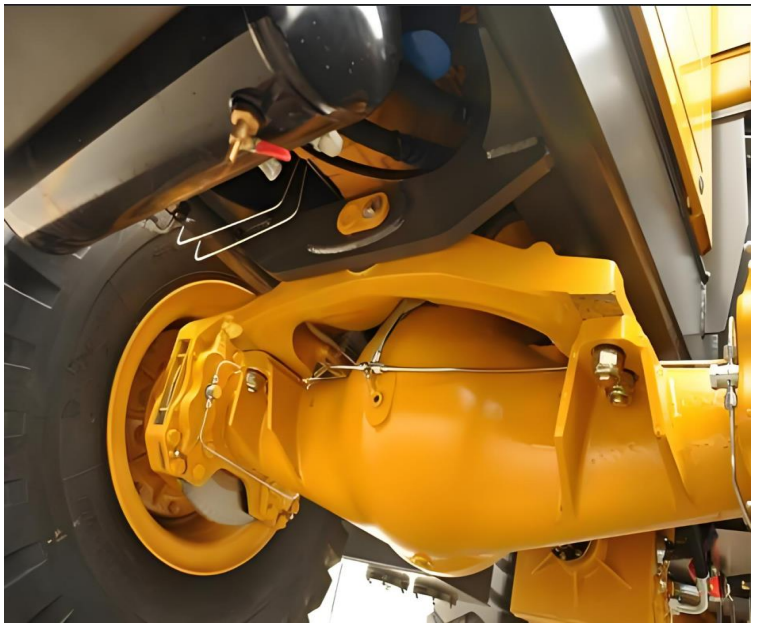
Products in truck

Products in bus



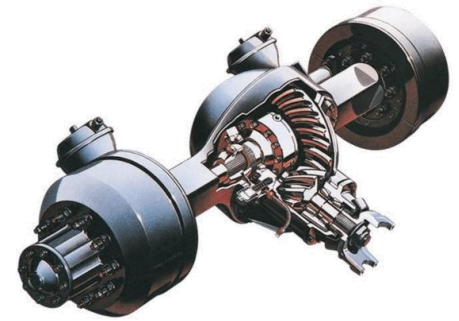
Application

Products in construction vehicle



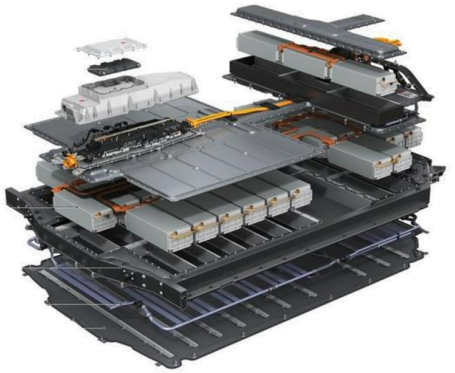
Application

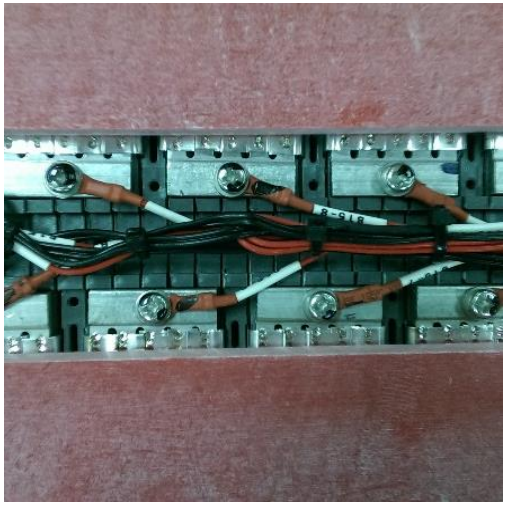
Products in wheel axle



Application

Producs in battery box





Application

Products in engine, crane,agricuture vehicle, gearbox, petroleum machinery

Precise machining parts

- Truck:
- Others
