PART 01 Company History

1. Our CEO, Robbin Chen, was employed at China Kobelco from 2002 to 2007.

2. During his tenure there, he successively held the positions of Technician, Warehouse Manager and Service Manager.

3. Upon leaving China Kobelco in 2007, he founded a business specializing in Kobelco spare parts.

4. Hence, our business traces its origins back to 2007, though the company did not operate under the name Shenyue at that time.

5. We have been using SHENYUE as our official company name since 2011 up to the present day.

6. To better serve our overseas clients, we established Corbay in 2021. It is operated by our original core team, with business scope clearly divided from Shenyue.

PART 01 Company History
