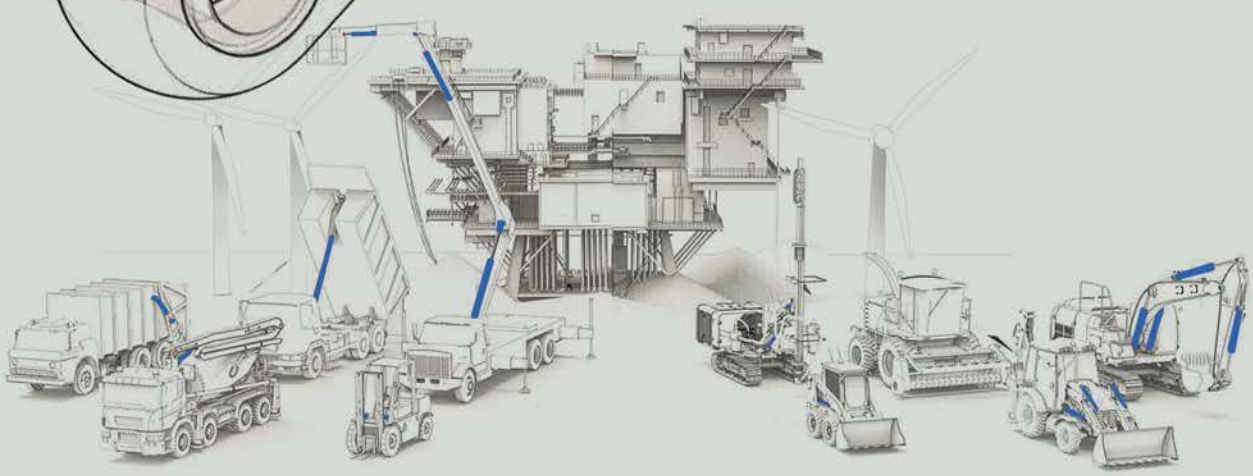
ZHONGCHUANG
HYDRAULIC CYLINDER



Zhongchuang Hydraulic Cylinder Factory is located near the capital city of Beijing and has been an innovative enterprise specializing in hydraulic cylinders for 18 years.

The factory covers an area of 30 acres and has more than 60 employees, including 2 oil cylinder engineers, 2 R&D personnel, and 6 quality control personnel. Integrating research and development, design, production, and precision control for products. The factory produces 300–400 hydraulic cylinders with a diameter ≤ 125mm and approximately 150 hydraulic cylinders with a diameter of 125mm–380mm per day. We have complete equipment, including more than 60 CNC machining centers/lathes, fully automatic electrostatic spraying lines, and testing equipment (such as hydraulic cylinder pressure holding testing platform, bidirectional ten thousand times top testing platform, salt spray testing machine, hardness testing platform, paint film thickness tester, coating tester, roughness tester, and tensile testing platform).

The factory can customize various non–standard hydraulic cylinders according to customer requirements, with a cylinder diameter processing range of 30mm–380mm, a rod diameter processing range of 16mm–200mm, and a maximum processing length of 10m.

The products mainly involve industrial applications, mobile machinery, port ships, water conservancy engineering, specialized vehicles and other fields.

Sincere service, endless, very happy to cooperate with you, looking forward to your visit!

ZHONGCHUANG HYDRAULICS

CORPORATE HONOR

CORE ADVANTAGES

Zhongchuang Hydraulic has high standards and strict requirements for the production and processing indicators and processes of hydraulic cylinders.

Precision machinery ensures quality

Fully automatic spraying line

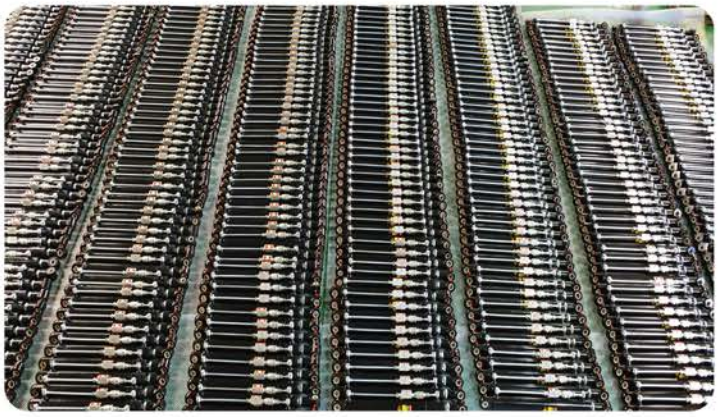
Ten thousand times pressure maintaining top detection platform

Zhongchuang Hydraulic Oil Pressure Testing Bench

Zhongchuang Hydraulic pays attention to product quality and constantly deepens to make products have been verified by the authoritative testing center，so that every user friend can rest assured！

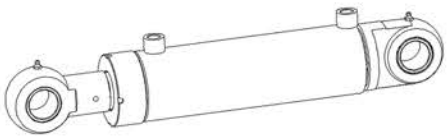
PRODUCT DISPLAY

We customize durable and economical hydraulic cylinders for every customer, with high precision and efficiency. We are a high-quality hydraulic cylinder manufacturer that you can trust！

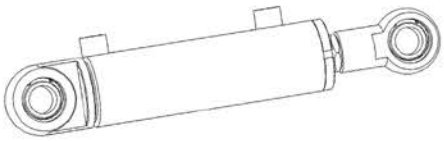


OTHER HYDRAULIC PRODUCTS

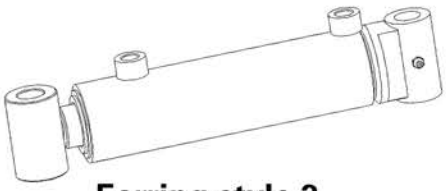
Common installation methods for oil cylinders



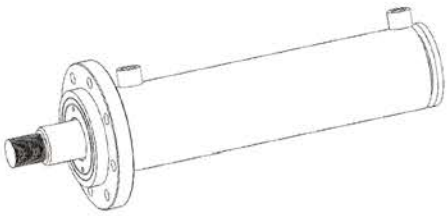
Earring style 1



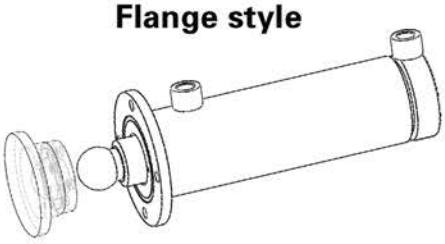
Earring style 2–radial joint bearing



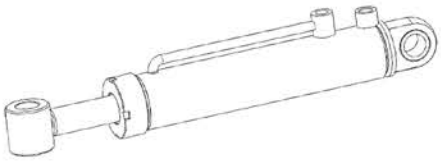
Earring style 3



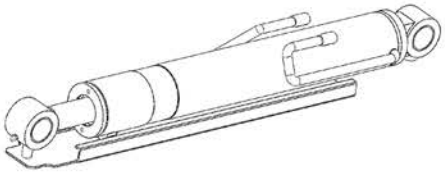
Flange style



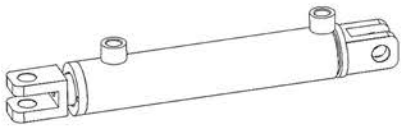
Ball head base type



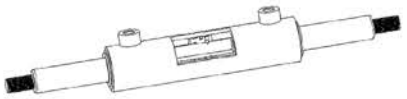
Lead pipe connection type



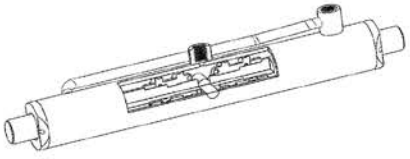
With protective plate



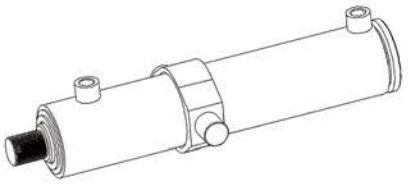
U–shaped hanging ear type



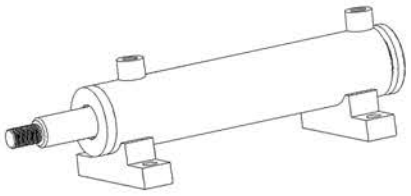
Constant speed and equal stroke hydraulic cylinder



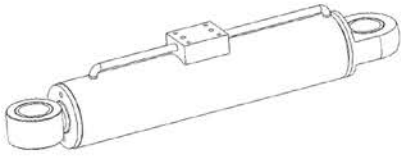
Bidirectional hydraulic cylinder



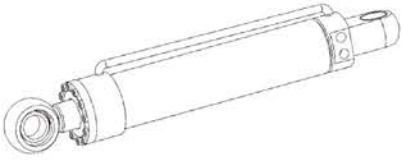
Central axis type



Tripod style



Equipped with hydraulic lock



Equipped with hydraulic lock

Application scope of Zhongchuang hydraulic cylinder

工业应用 Industrinl Application	移动机械 Mobile Machineries	港口船舶 Port and Ship	水利工程 Water Conservancy Project	其它领域 Others
机床制造 Machine-tool Building	挖掘机 Excavator	钻井平台 Drilling Platform	坝闸设备 Dam and Gate Equlpment	军工设备 Weapon Building
液压压机 Ilydraulic Press	装载机 Londer	吸挖泥船 Suction Dredger	水库弧门 Reservoir Arc Gate	航天设备 Aerospace Equipment
化工机械 Chemical Machinery	叉车 Forklift	船舵系列 Rudder Series	启闭装置 Opening and closing device	游艺机械 Amusement Machinery
橡胶机械 Rubber Machinery	起重机 Crane	疏浚工程 Dredge Engineering	水电设备 Hydropower Equipment	环卫机械 Sanitary Machinery
塑料机械 Plnstics Machinery	液压吊车 Hydrnulic Crane	推进系统 Propeller System	各种船闸 Ship Lncks	消防机械 Fire-fighting Equipment
冶金机械 Metallurgical Machinery	压路机械 Road Roller	升船机械 Shiplift Machinery	大坝设备 Dam Equipment	公务车 Official Car
矿山机械 Minine Machinery	摊铺机 Paving Machine	甲板机械 Deck Machinery	活动桥梁 Movable Bridge	清障机械 Wrecker Machinery
木材机械 Wood Machinery	推土机 Bulldozer	港口机械 Port Machinery	清淤设备 Dredging equipment	医疗机械 Medical Machinery
汽车制造 Automobile Making	修路机械 Road Construction Machinery	船舶装卸 Ship Loading And Unloading	桥梁机械 Bridge-building Machinery	垃圾车 Garbage Truck
皮草机械 Leather Machinery	平地机 Grader	船舶制造 Shipyard Manufacturing	破碎机械 Crushing Machinery	打桩机械 Pile Driver
