Official Website

COMPANY OVERVIEW

SDLINE INTELLIGENT CO.. LTD is an international machinery firm. We provide full-chain R&D, manufacturing, export and logistics, leading North China's golf cart output & sales.

MANUFACTURING STRENGTH

As an original manufacturer, our 200-acre factory has 4 smart workshops, 3 independent plants and 9 digital workshops.

R&D & CERTIFICATIONS

We own 2 R&D centers, hundreds of patents and 600+ SKUs, certified by ISO 9001, US EPA, EU CE, Euro V, SGS as a National High-tech Enterprise.

PRODUCTS & GLOBAL REACH

We run five core business lines. Our products serve multiple sectors and export to 150+ countries. Seven overseas offices & warehouses offer fast local support.

DUAL ASSURANCE OF POWER AND ENDURANCE

THE STAR LINEUP

SMART TECHNOLOGY

EASY TO USE SAFE AND WORRY-FREE

38x10.00R14

SLGC(2+2)4 SEATS

Vehicle size:	2950*1290*1900(mm)
Range:	60(km)
Turning Radius:	≤4.5(m)
Wheelbase:	1700(mm)
Curb Weight:	500(kg)

THE KEY COMPONENTS

Controller:	60V 300A 3-phase AC controller, CMOS stepless speed, auto E-brake
Battery:	60V 105Ah Lead-acid Battery
Motor:	60V 4kW 3-phase AC induction motor, high torque, low noise
Charger:	AC220V input, staged output per battery charging curve

PARAMETERS

Rated Passengers:	4
Charging Time:	10h
Tires:	20*10-12, steel rim
Seat:	Foam cushion, ergonomic design
Light & Signal:	LED headlight, turn signal, rear tail lamp, horn, reverse buzzer
Steering System:	Ball-joint steering mechanism
Braking system:	Front disc brake + Rear drum brake + Foot parking brake
Chassis:	High strength steel frame chassis, electrophoretic + powder coating anti-rust

SLGC(4+2)6 SEATS

Vehicle size:	3700*1290*1900(mm)
Range:	60(km)
Turning Radius:	≤4.5(m)
Wheelbase:	2480(mm)
Curb Weight:	580(kg)

THE KEY COMPONENTS

Controller:	60V 350A 3-phase AC controller, CMOS stepless speed, auto E-brake
Battery:	60V 105Ah Lead-acid Battery
Motor:	60V 5kW 3-phase AC induction motor, high torque, low noise
Charger:	AC220V input, staged output per battery charging curve

PARAMETERS

Rated Passengers:	6
Charging Time:	10h
Tires:	20*10-14, steel rim
Seat:	Foam cushion, ergonomic design
Light & Signal:	LED headlight, turn signal, rear tail lamp, horn, reverse buzzer
Steering System:	Ball-joint steering mechanism
Braking system:	Front disc brake + Rear drum brake + Foot parking brake
Chassis:	High strength steel frame chassis, electrophoretic + powder coating anti-rust

WHO WE ARE

We uphold the core values of "integrity and diligence, customer first, pursuit of excellence", and adhere to the mission of "SDLINE: Rising from the East, create the future with intelligence".

We drive innovation through flat management and unite our team through humanistic care. Currently, we focus on the intelligent R&D and manufacturing of mini construction machinery; looking ahead, we are committed to becoming a global pioneer in intelligent manufacturing innovation.

We are eager to partner with global collaborators, empower product upgrades with smart technology, consolidate cooperation with our core strengths, and jointly explore new horizons in the global market.

OUTDOOR RECREATION

Scenario: Outdoor entertainment and lifestyle

Value: Covers both leisure equipment and practical facilities

MINI MACHINERY

Scenario: Suitable for working in confined spaces

Value: Multi-purpose power for construction, earthmoving, landscaping and site maintenance

SKID STEER LOADER

Scenario: Yard work, demolition and material handling

Value: Compact multi-functional construction machine

EQUIPMENT STORAGE AND LIVESTOCK BREEDING

Scenario: Versatile and easy to place

Value: Can be used as a warehouse or a livestock shed
