

WÜRTH ELEKTRONIK MORE THAN YOU EXPECT

# WÜRTH ELEKTRONIK ICS CHINA

**Würth Elektronik ICS is a supplier for electromechanical and electronic systems and components for signal and power distribution, control, and display and operating solutions.**

The company, which is based in Germany, is part of the Würth Elektronik Group and thus belongs to the Würth Group, the world's leading supplier of assembly and fastening technology. With a strong presence through its subsidiaries in Europe, the USA and India, Würth Elektronik ICS has built up a significant global footprint.

In October 2023, Würth Elektronik ICS (Shenyang) Co. Ltd was founded in China. The new company is located in the Business Park Shenyang, offering Chinese customers comprehensive local support such as consulting, product design and production.

## BRANCHES

**Our experts at Würth Elektronik ICS serve large international corporations as well as niche and specialist customers. These include companies such as:**

- Commercial vehicle manufacturers
- Construction machine manufacturers
- Agricultural vehicle manufacturers
- Special and electric vehicle manufacturers
- Industrial solution providers
- Renewable energy providers

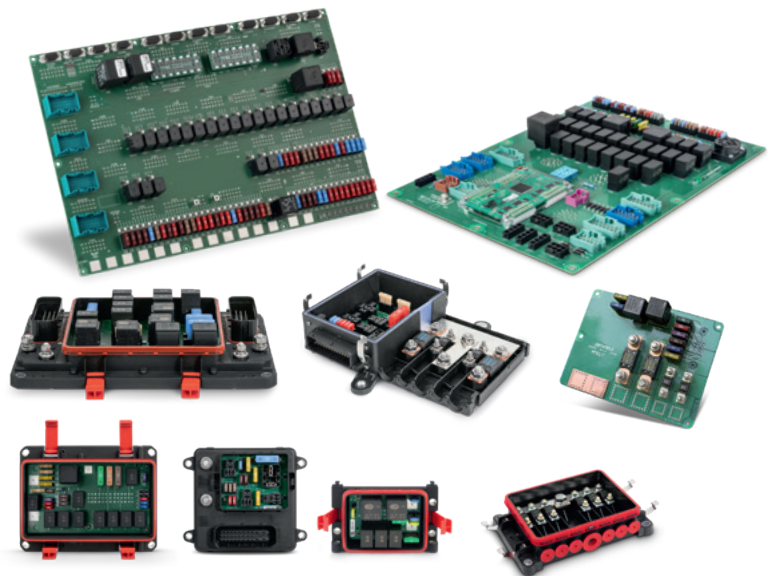

# INTELLIGENT POWER & CONTROL SYSTEMS

## POWER DISTRIBUTION

Systems for power distribution belong to the most important components in a vehicle's electrical system architecture. With our central electrical units, power boards and Power Boxes, we offer individual and standardised PCB-based power distribution solutions.

### Convincing advantages:

- High mechanical stability, vibration resistance and durability
- High modularity for flexible customer specific adaptations
- Simple and fast assembly and maintenance
