

A close-up photograph of an engine's fuel system, showing a fuel injector mounted on a fuel rail. The image is overlaid with a semi-transparent brown filter. A white square frame highlights the injector and its connection to the rail.

PXM FUEL SYSTEM

FUEL INIECTOR

Changsha Proxima Technology Co. LTD

INTRODUCTION

Focus on engine parts field over 11 years

Focus on engine parts field over 11 years , customers are more than 300+ companies cover 50+ countries all over the world.

OEM factories 10+

Own one fuel system manufacturer, cooperate with more than 10+ OEM factories , DS can afford customer the most competitive prices and original manufacture standard's products.

Ready to ship

Quickly turnaround time.

Resources-products 5000+

Products are covering fuel system, after-treatment system, electronic control system and turbocharger system, more than 5000+ .

Full link network platform

8 years verified supplier on online e-commerce platform- Alibaba, order online easily , logistics traceable . Products traceable .

7*24H service.

7*24H professional service.

OUR FACTORY

- 20+ years of turbocharger factory experience
- Well-known testing equipment , 100% dynamic balance test
- CE and ISO9001 CERTIFICATE
- OEM customized packing box with laser printing

PRODUCT

INJECTOR

Independently produce fuel injectors and pumps for **Bosch, Cummins, Denso.**

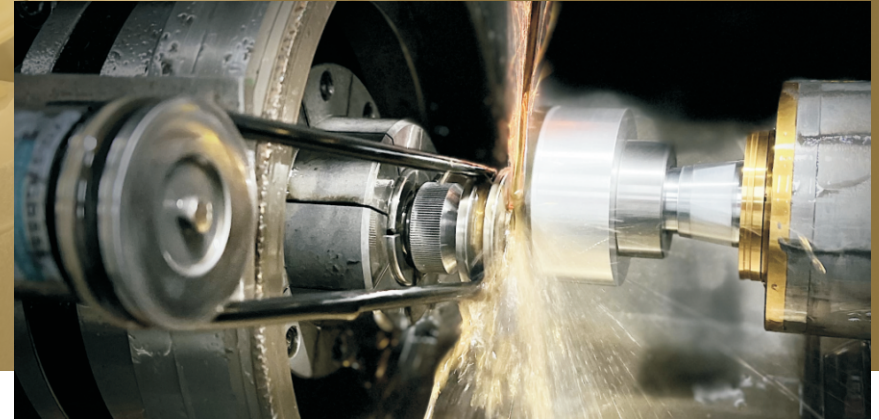

SUBPARTS

Subparts are available, produced according to original manufactured standard.

OUR ADVANTAGES

Own completely set of fuel system and top processing equipment , such as Bahmuller Grinding, UVAi Grinding, Posalux EDM, Schaudt Mikrosa Centerless Grinding , ensure the product's quality is qualified.

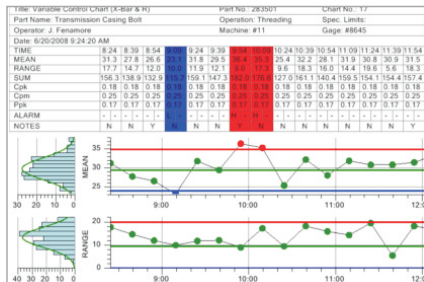

Domestic automakers certificate

Factory has passed TUV Rheinland and ISO system certificate. Currently, it is a world-famous engine factory certified supplier .

Original Standard

Quality, assembly process, and test standards of all products are in accordance with the original factory's requirements to ensure perfect engine matching.

High quality under TQM

The company implements total quality management to ensure that each product satisfies customer's requirements and are 100% qualified.

Technical support

We provide comprehensive technical consultation and technical support , assist customer to solve professional problems and win greater business opportunities.

BOSCH & DENSO INJECTOR

Advantage

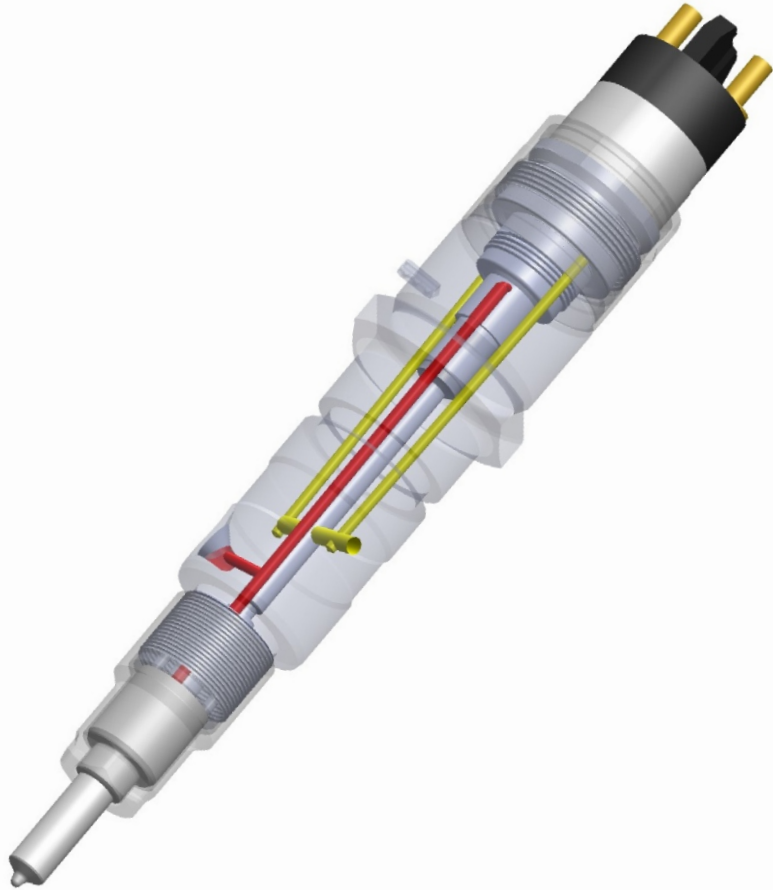

- All Core components are new and pass durability test , long length of life.
- All products are 100% factory tested according to the original manufacture standard . Have ability to provide TEST Report for each injector.
- QR CODE is printed on each injector , it is easily traceable from production to after-sales.
- Can produce fuel injector assembly more than 200+ types for Bosch CRIN injector , more than 300+ types for Bosch CRI injector , also for DENSO brand , some models of products are supplied to world famous manufactures.

Item	Description	Part No.	Model
1	BOSCH INJECTOR	0445 120 236	Cummins
2		0 445 120 059	Cummins
4		0 445 120 007	IVECO
5		0 445 110 520	IVECO
6		0 445 120 255	Dodge
7		0 445 120 238	Dodge
8		0 445 120 217	MAN
9		0 445 120 274	MAN
10		0 445 120 008	GM
11		0 445 120 080	Doosan
12		0 445 120 040	DAEWOO
13		0 445 120 064	Deutz
14		0 445 120 340	Perkins
15		0 445 110 368	VW
16		DENSO INJECTOR	095000-1211
17	095000-5471		ISUZU

*Please consult with Dongsu customer service for completely catalog

OEM & ODM Service

Already afforded fuel system development for some Listed enterprises, development scope include fuel injector, fuel pump and electronic control unit.

Modification and development products according to customer's requirements.

Afford development service for subparts of fuel system , such as fuel injector, fuel pump etc.
