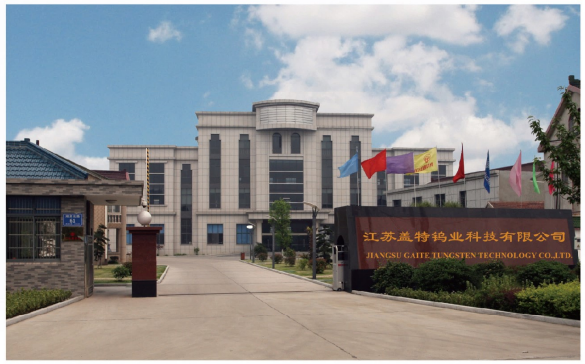
盖特钨业

ABOUT GAITE
关于盖特



江苏盖特钨业科技有限公司公司脱胎于常州市盖特硬质合金工具有限公司，专业生产制造及研发硬质合金制品。常州市盖特硬质合金工具有限公司成立于1990年，位于江苏省常州市南郊，东临淹城古迹，西临西太湖畔，北枕312国道，南靠沿江高速，交通便利。2019年在原公司基础上引进国内专业技术及管理人员，投入资金新增新压力炉、精密粉末压机、先进检测仪器，精密金相分析仪、磁力分析仪等生产及检测设备，增强了生产能力及检测手段。江苏盖特钨业科技有限公司一期年产规划360吨，二期规划年产600-800吨产能。

公司主要产品为矿山、工程用硬质合金齿头，各类刀具材料，耐磨合金制品。煤齿，高风压、低风压球齿，旋挖工程齿，盾构合金，油齿、非油齿，钎片，铣刀片，模具材料及各种异形合金等多种类型合金制品。与国内大型企业合作配套刀具、模具等项目。公司已建立起一套全面的质量生产管理体系，拥有ISO9001，CE等多项认证，公司拥有自营出口权，产品销往美国、日本、新加坡、印度等国家、并获得了良好的产品信誉和优质服务的认可。公司以精良的产品，真诚的态度为管理宗旨，全面优良地服务客户，在市场上树立良好的产品信誉及优质服务的口碑，充分满足客户需求。

Jiangsu Gaite Tungsten Technology Co., Ltd. originates from Changzhou Gaite Cemented Carbide Tools Co., Ltd., specializing in the production, research and development of cemented carbide products. Changzhou Gaite Cemented Carbide Tools Co., Ltd., established in 1990, is located in the southern suburb of Changzhou City, Jiangsu Province. It is adjacent to the Spring and Autumn Yancheng Scenic Area in the East, Gehu Lake (called as West Taihu Lake by locals) in the west, national highway G312 in the north, and Yanjiang Expressway (S38/39) in the south. In 2019, Jiangsu Gaite introduced domestic professional technology and management personnel on the basis of the original company, and invested in new production and testing equipment, such as new pressure furnaces, precision powder press, advanced testing instruments, precision metallographic analyzer and magnetic analyzer, so as to enhance the production capacity and to perfect the detection means. It plans to produce 360 tons of annual output in the first phase (2019-2024) and 600-800 tons in the second phase (2024-2029).

Our main products are cemented carbide tooth heads for mining and engineering, varying from cutting tool materials to wear-resistant alloy products, including many kinds of alloy products, such as coal teeth, high and low wind pressure ball teeth, rotary digging engineering teeth, shield alloy, oil teeth, non-oil teeth, drill bits, milling inserts, mold materials and various special-shaped alloys. It has gained cooperation with large domestic enterprises in supporting tools, molds and other projects. Our company carries out a comprehensive quality production management system, with ISO 9001, CE and other certification. It has developed international trade with the self-operated export right, with its products sold to the United States, Japan, Singapore, India and other countries, having obtained a good product reputation and high-quality service recognition abroad. Our company takes the excellent products and sincere attitude as the management tenet, serves customers in a good and comprehensive manner, establishes a good product quality credit and word-of-mouth for high-quality after-sale service in the market, and fully meets the needs of our customers at heart.
