FONHO COMPANY INTRODUCTION

FONHO Group is a famous manufacturer for premium quality Filters, Solenoid Valves, and Pressure Sensors for Heavy Duty Trucks, Buses, Tractors, Construction Machinery in the automotive industry from 2009.

FONHO Group has professional and experience engineers, advanced production equipments, and testing machines, to produce OE quality spare parts for aftermarket.

To meet the policy of "To be the Customer's First Choice", FONHO cares much about quality control, and performs many precautions in production lines and management.

Over the years, we've built a strong, worldwide reputation with quality products. We have manufacturing ability under IATF 16949:2016 Quality Management System, which ensure to serve our customers with long term.

HISTORY

2009

Factory was founded in Tanxia Town, Ruian, Zhejiang Province.

2012

Moved to new factory in Taizhou, and started to use 13000 square meters workshops for production.

2013

IATF16949:2009 Certification Approved.

2014

Launched a consultation program to improve FONHO management with Hangzhou Jiutong Consultant Company.

2015

Launched Taiwan ERP software management

2018

Invested a new factory Wenzhou VOHO Electronic Technology Company in Ruian, for truck solenoid valve manufacturing.

2021

Launched MES production management system in workshop.

Launched Pressure Sensor program to meet quality requirement of high-end customers.

2022

Launched Quality Management System Software (EQMS) Development Program to improve QC continuously.

2023

Launched Lean production project to improve PMC operational efficiency and strengthen 5S management.

Established and implemented partnership system and equity incentive mechanism.

14 Year

30000 m²

150+

FULL RANGE

Experience

FONHO has been manufacturing filters since 2009.

Factory

We have over 30000 square meters factory to manufacture your filters.

Employees

FONHO has over 150 employees in the factory to support your order.

Product

FONHO manufactures full ranges of heavy duty filters, including for trucks, buses, and off-road vehicles, like Agriculture tractors & Construction machines.

IATF 16949:2016 Certified

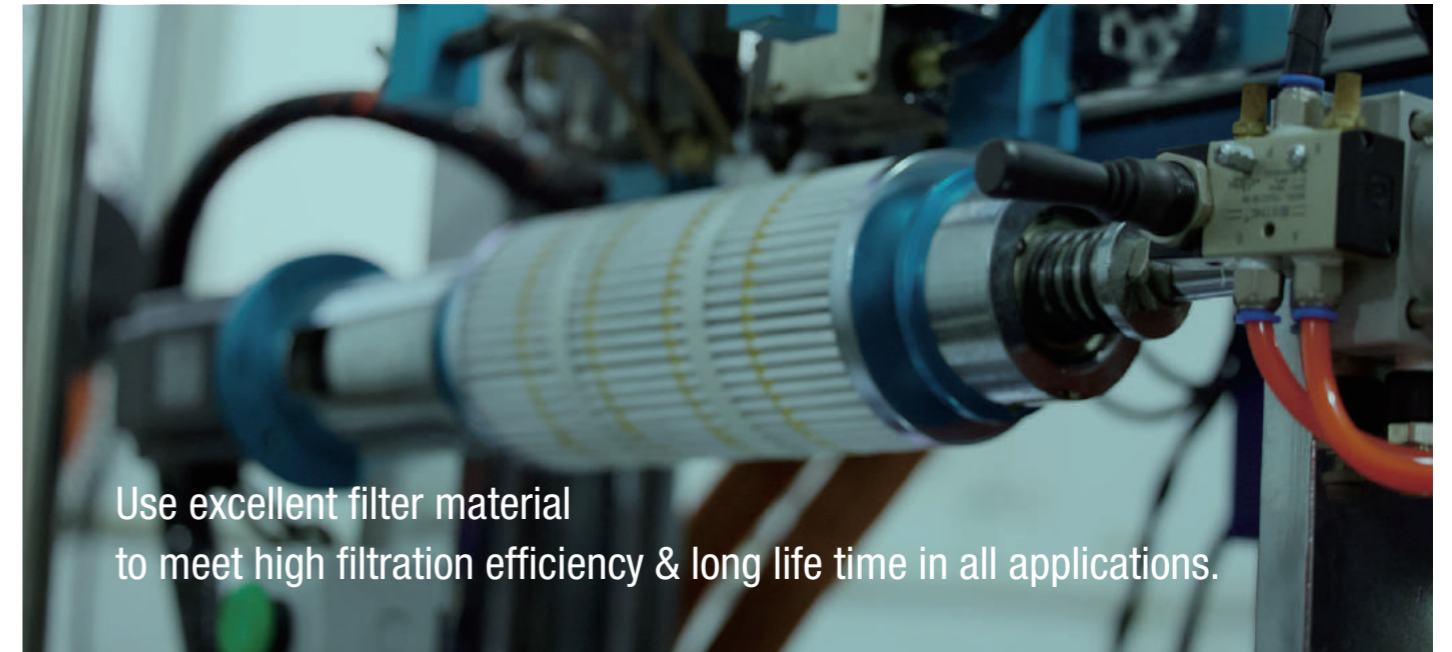

AGRICULTURE & CONSTRUCTION FILTER DIVISION

PRODUCTION EQUIPMENT

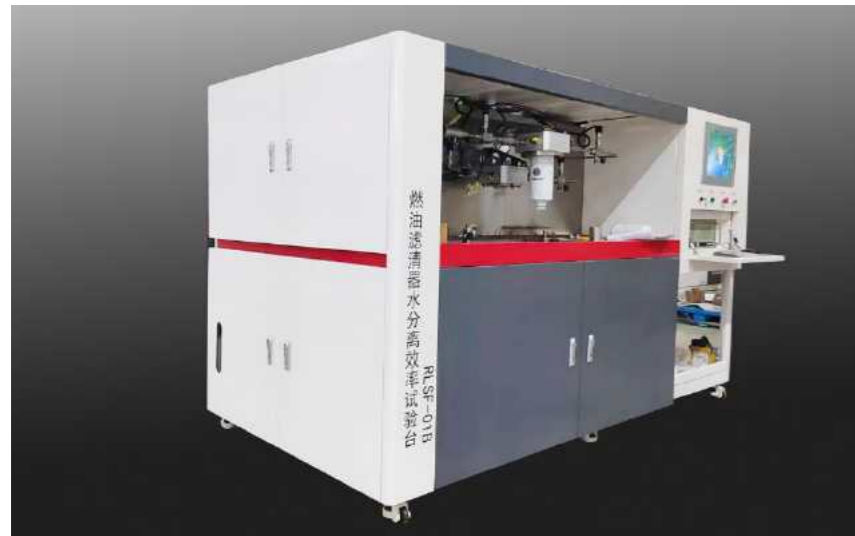

FEATURES:

- Use Customized Machines in Assembly Production Line.
- Upgrade the tolerance, raw material in components of cover, housing to meet more strength in durability.
- More burst strength in pressure, up to 50%~100% more than OE demand in working, special in Hydraulic Filters.
- Worry free in Installation, and Guaranteed in Quality.

Main Filter Performance Test Machines

To ensure the filters with high quality, high filtration performance, more stable in your orders, FONHO invested the following important test machines in our laboratory.

Water Separator Test Machine

Air permeability Test Machine

Burst Strength Test Machine

Impulse Test Machine

Filtration Efficiency & Dust Holder Capacity Test Machine

Enterprise Quality Management System

FONHO uses advanced EQMS software to improve Quality Control in our production processes. This EQMS will show all reports in our QC project, which helps us to improve the quality continuously.

TRACTOR FILTER
