Procurement Center In China

Our Story

Engine Supply Inc., began its operation in 2001 supplying gasoline engine parts. In 2003, with suggestion from a Taiwanese friend, he shifted its business to **diesel engines**. Now Engine Supply Inc. is China's most professional supplier of heavy-duty diesel engines, gearboxes, injection pumps and spare parts

In 2008, Engine Supply Inc. started cooperation with **CASE NEW HOLLAND**, and obtained system knowledge of **ISO/TS16949**. The philosophies are applied in company's sourcing activities and process control.

To serve local customers better, **USA Liaison** began its working **in Chicago** in May 2015.

Engine Supply Inc., focuses its business on **diesel engines** for related applications. All the products are proved to have good quality performance and excellent cost effectiveness.

Our Culture

Mission & Vision

To provide excellent solutions for the internal combustion engine maintenance and related applications, be professional in the supply chain management in these fields.

Business Philosophy

To help customers reduce procurement costs and improve customer competitiveness. (Customers' competitiveness is our competitiveness)

Our Values

Efficiency first

(All system innovations and actions making are based on improving the company's operating efficiency.)

The Unity of Knowledge and Action;

(Lifelong learning + learning in action, to achieve personal outlook on life)

Moral standards

Integrity, loyalty, responsibility, dedication

(Personal integrity, organizational loyalty, responsible on duties, dedicated for those not on duties)

Our Strengths

20+ years of Knowledge in China heavy duty industries.

Investing in 4 factories producing Cylinder Block, Cylinder Head, Crankshaft, Turbocharger & Common Rail Injectors

OEM supplier of Case New Holland

With ITAF16949 system operational capability.

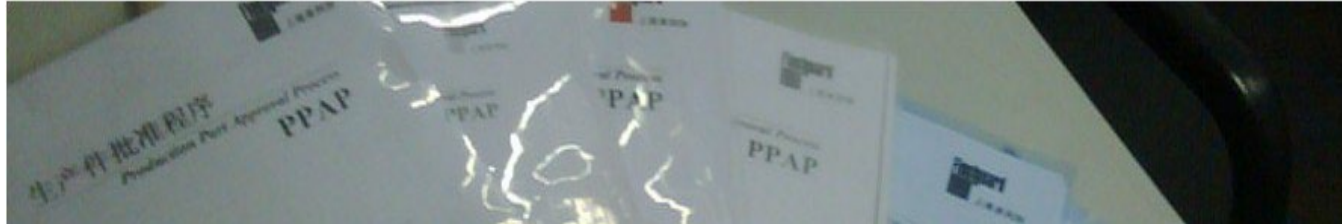

Premier one-stop supplier of service parts for CUMMINS, CATERPILLAR, DEUTZ, PERKINS etc.

10000 new products sourced each year.

93% suppliers possess ITAF 16949, with competence for OEM.

85% of vendors with oem background.

Located in the area which takes 20% of national foundry output.

Supplier: NWGBD PROSPER
 Part No. & Rev.: 0512-0194
 Part Name: Pulley
 Date: 2005.6.10

Supplier Part No.	Supplier Measurement Results	C&C	Name of Laboratory	Gauge No.	Gauge Resolution
19 2# 3#	0.067 0.093 0.142		GAUGE	L-311M6-01	0.02
			Screw gauge		0.001
			Universal tool measuring microscope		0.001
			Universal tool measuring microscope		0.02
			Test ball		0.01

PSA (Potential Supplier Assessment)

Supplier Quality

Supplier	Value	Supplier Plant
	20% + 59%	
	60% + 79%	
	80% + 100%	

Product/Process	Evalua.Meas. Technique	Data Recording Method	Sample Size	Sample Freq	Control Method	Reaction Plan	Dcp. Resp.
Part inspection	Part inspection	Inspection record list	5 pieces	1 batch	Special inspection	UaquMed part treatment 1. Inform director 2. Wait for treatment	Manufacturing department
Material physics and analysis report			one time	1 batch			Manufacturing department

Supplier Quality

1 - DOCUMENTATION	2 - TOOLING / EQUIPMENT	3 - PROCESS	4 - PERSON RESOURCES & ORGANIZATION	5 - PRODUCT QUALIFICATION / ONE DAY PRODUCTION
Drawings P-C 5	Die status (quality, capacity and timing) P-D 4	Tier 2 approval P 4	Have operators been properly trained? P 4	Self-Qualification status P 4

IMPORTANT: For questions with score 1 and 2 (Red) it is required a shared Action Plan with dates of implementation preceding the sourcing date if the score is 1 or 2. The PSA is negative whichever score is 1 or 2.
