**成为全球耐磨行业  
产品和服务的一流供应商**

To be a leading supplier of products and services to the global wear industry

马鞍山市海天重工科技发展公司成立于2004年6月，位于马鞍山市博望区新市工业园，占地98.36亩，建筑面积35000平方米。注册资本12000万元，是一家专业生产高端高铬耐磨铸件的国家高新技术企业和国家工信部专精特新“小巨人”企业，是三一重工、中联重科、徐工集团、山推集团、日本（日工NIKKO）、德国利勃海尔（LIEBHERR）等国内外工程机械厂商的重要供应商。公司已获授权发明专利13项和实用新型专利45项，《抗磨白口铸铁件》等八项国家标准和三项行业标准的主要起草单位。

Maanshan Haitian Heavy Industry Technology Development Company was established in June 2004, located in Maanshan City Bowang District Xinshi Industrial Park, covers an area of 98.36 acres, construction area of 35,000 square meters. With a registered capital of 120 million yuan, it is a national high-tech enterprise specializing in the production of high-end high-chromium wear-resistant castings and a new "little giant" enterprise specialized by the Ministry of Industry and Information Technology. It is an important supplier of domestic and foreign construction machinery manufacturers such as Sany Heavy Industry, Zoomlion, Xcmg Group, Santui Group, Japan (NIKKO), Germany LIEBHERR. The company has been authorized 13 invention patents and 45 utility model patents, "anti-wear white cast iron" and other eight national standards and three industry standards of the main drafting unit.

# 海天·深耕行业 20<sup>th</sup> 年

**2004**

6月，海天重工成立。  
In June 2004, Haitian Heavy Industry was established.

**2012**

新建2万平方米厂房，产能提升至3万吨，产品由单一品种发展到多品种。  
In 2012, a new 20,000 square meters factory was built, the production capacity was increased to 30,000 tons, and the products were developed from a single variety to multiple varieties.

**2013**

海天公司实现销售收入13462.6万元，突破亿元关。同年荣获安徽省高新技术企业和安徽省专精特新企业。  
In 2013, Haitian Company achieved sales revenue of 134.626 million yuan, exceeding 100 million yuan. In the same year, it was awarded the high-tech enterprise of Anhui Province and the specialized, high-end and innovation-driven enterprise of Anhui Province.

**2017**

技术改造投资6000万元，淘汰高能耗、低效率设备，质量、效率、环境得以提升。  
In 2017, we invested 60 million yuan in technological transformation, eliminated high energy consumption and low efficiency equipment, and improved quality, efficiency and environment.

**2021**

荣获国家工信部专精特新“小巨人”企业，综合实力在国内工程耐磨件制造行业中位居前列。

In 2021, Haitian Heavy Industry won the national Ministry of Industry and Information Technology specialized, high-end and innovation-driven "little giant" enterprise, the comprehensive strength in the domestic engineering wear-resistant parts manufacturing industry ranks in the forefront.

**2021**

投资1.5亿元实施智能化升级改造，企业全面进入智能化时代，2023年获国家工信部智能制造优秀场景称号。

In 2021, 150 million yuan was invested to implement intelligent upgrading and transformation, and the enterprise fully entered the intelligent era, and won the title of intelligent manufacturing excellent scene by the National Ministry of Industry and Information Technology in 2023.

**2024**

荣获安徽省优秀民营企业。  
In 2024, we won the award of excellent Private Enterprise in Anhui Province.

安徽省优秀民营企业

## 匠心品质 臻于至善

Exquisite craftsmanship and excellent quality

公司研发中心为一栋两层技术中心，建筑面积1200多平方米，是省级企业技术中心和工业设计中心，技术中心配备了进口ARL2460型直读光谱仪、饱和磁化系统测量仪以及WFW-600型万能材料试验机、JB300B冲击试验机、冷却特性测试仪、光学金相显微镜、型砂检测仪等国内外先进的检测仪器设备，具有较强的创新设计能力。

The company's R & D center is a two-story technology center with a construction area of more than 1200 square meters, which is a provincial enterprise technology center and industrial design center. The technology center is equipped with imported ARL2460 direct reading spectrometer, saturation magnetization system measuring instrument, WFW-600 universal material testing machine, JB300B impact testing machine, cooling characteristics tester, optical metallurgical microscope, sand detector and other advanced testing equipment at home and abroad, with strong innovative design capabilities.

公司通过ISO9001质量体系认证，生产过程配备专业的巡检、终检和出货检验人员，产品终检覆盖率达100%，有力的保障了公司产品的质量和稳定性

The company has passed the ISO9001 quality system certification, and the production process is equipped with professional inspection, final inspection and shipment inspection personnel, and the final inspection coverage rate of products reaches 100%, which effectively guarantees the quality and stability of the company's products.

# WEAR-RESISTANT PARTS OF CONCRETE MACHINERY

## 混凝土机械设备耐磨件

### 混凝土搅拌站耐磨件的特点

CHARACTERISTICS OF WEAR-RESISTANT PARTS IN CONCRETE MIXING PLANT

海天重工和多家国际头部工程机械集团合作十年以上，长期在搅拌站耐磨件行业产量占据第一名的位置。在生产制造和设计领域具备领先能力，产品主要成分以铬系和铸钢系为主。

Haitian Heavy Industry has cooperated with a number of international leading construction machinery groups for more than ten years, and has long occupied the first position in the output of wear-resistant parts for mixing stations. It has leading capabilities in the field of manufacturing and design. The main components of its products are mainly chromium series and cast steel series.

### 混凝土泵车弯管的产品特点

PRODUCT CHARACTERISTICS OF BENDING PIPE OF CONCRETE PUMP TRUCK

具备独一无二的双层复合结构设计，使用寿命比同类普通产品高50%以上。

It has a unique double-layer composite structure design and its service life is more than 50% longer than similar ordinary products.

CHARACTERISTICS OF WEAR-RESISTANT PARTS OF PAVEMENT MACHINERY

产品主要应用于沥青搅拌站和沥青摊铺机，海天重工可为客户提供合理的配件设计建议，同时在提高产品使用寿命和产品耐磨性能上能给出有效建议。

The products are mainly used in asphalt mixing stations and asphalt pavers. Haitian Heavy Industry can provide customers with reasonable accessories design suggestions, and can also give effective suggestions on improving product service life and product wear resistance.

# MINING AND METALLURGICAL INDUSTRIES

## 矿山开采和冶金行业

### 矿业开采产品应用特点

#### APPLICATION CHARACTERISTICS OF MINING PRODUCTS

主要应用于矿山破碎机等设备，海天重工采用高强度、高耐磨的合金钢材料制造，能够承受巨大的冲击和磨损，保证了矿石的高效破碎，在部分产品上面使用国际领先的陶瓷复合技术，极大提高了产品的使用寿命。

Mainly used in mining crushers and other equipment, Haitian Heavy Industry uses high-strength, high-wear-resistant alloy steel materials, which can withstand huge impact and wear, ensuring efficient crushing of ore. It uses internationally leading ceramic composite technology on some products, greatly improving the service life of the product.

### 磨煤机产品特点

#### APPLICATION CHARACTERISTICS OF COAL MILL

公司为磨煤机生产的磨球具备国内独有的生产工艺，产品性能稳定，是中国国内同类产品最具实力的供应商。

The grinding balls produced by the company for coal mills have unique domestic production technology and stable product performance. We are the most powerful supplier of similar products in China.

## 安全环保

### SAFETY AND ENVIRONMENTAL PROTECTION

公司建立并实施ISO14001环境管理体系和ISO45001职业健康安全管理体系,通过产线智能化改造升级,技术装备在行业中处于领先水平,除尘排量 $\leq 10\text{mg}$ ,环保指标优于国家A类铸件生产企业,实现了绿色智能化铸造。

Our company has established and implemented a ISO14001 environmental management system and a ISO45001 occupational health and safety management system. Through the intelligent transformation and upgrading of the production line, the technical equipment is at the leading level in the industry, and the dust removal displacement is  $\leq 10\text{mg}$ . The environmental protection index is better than that of the national Class A casting production enterprises, and the green and intelligent casting has been realized.
