COMPANY PROFILE

ECHOO TECH (XIAMEN) LIMITED. started as a supplier of construction machinery parts in 2010, and now it has transformed into a leading expert in the manufacturer of undercarriage parts and wearing parts in the field of construction machinery.

We have cooperated with several European OEM suppliers till now.

In addition, we also specialize in establishing the technical department to meet customers' customized needs.

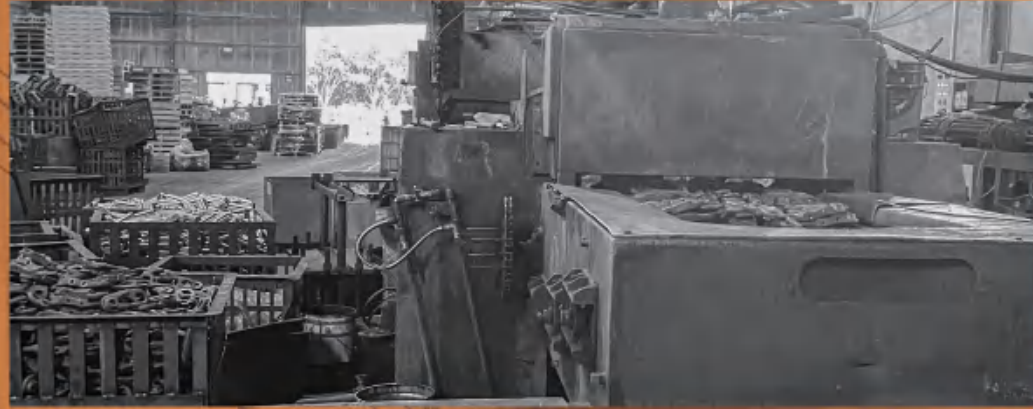

Echoo not only offering parts, but also assemble the complete ready-to-use undercarriages.
