

LIST OF COMPONENTS:

SYSTEM COMPONENT	PRODUCT MODEL		
	Dimensions	Code	
Panel		1800 x 1200 mm	MB1812
		1800 x 900 mm	MB189
		1800 x 600 mm	MB186
		1200 x 1200 mm	MB1212
		1200 x 900 mm	MB129
		1200 x 600 mm	MB126
		900 x 900 mm	MB99
		900 x 600 mm	MB96
		600 x 600 mm	MB66
Steel Prop & Head		Prop EN 1065 - B35 / 2.4m (with Stripping Head)	ZB3500
		Prop EN 1065 - A35 / 2.5m (with Stripping Head)	ZA3600
		Lower Support Prop Head	LXZC
Infill Beam		Filler Beam 1800mm	FL18
		Filler Beam 1200mm	FL12
		Filler Beam 900mm	FL9
		Filler Beam 600mm	FL6
		Wall Filler Beam 1800mm	WFL18
		Wall Filler Beam 1200mm	WFL12
		Wall Filler Beam 900mm	WFL9
Wall Filler Beam 600mm	WFL6		

PRODUCT INTRODUCTION:

GF is an advance steel panel-prop formwork system which allow early stripping process. It provides a suitable formwork solution to most concrete structure and component and meets the general requirements of different construction methods and conditions.

The system adopts the structural mechanism of a 4-leg table using puzzle-style & systematic installation approach. Both panels & props are made from Grade Q345 steel components in CKD forms & assembled with bolts & nuts.

CHARACTERISTICS:

SIMPLE & INNOVATIVE

- Only few components: Panel, Prop & Aux Beam / Panel
- Do not require cross / lateral braces & tripods
- Easy to transfer both horizontally and vertically

FAST & EFFICIENT

- 4- worker team for erection, stripping & removal
- Can achieve 60m² work done per man-day

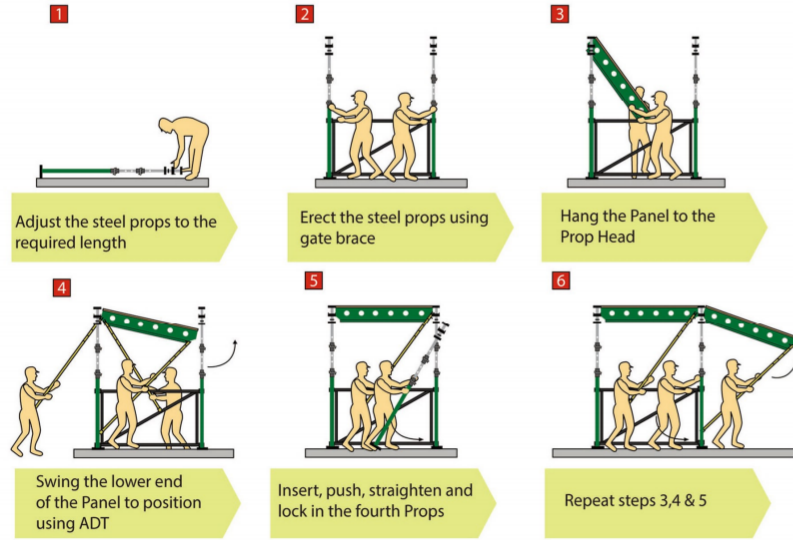

SAFE & RELIABLE

- Stable system with 6-direction locking restriction
- No human lifting above shoulder required

ADVANTAGES:

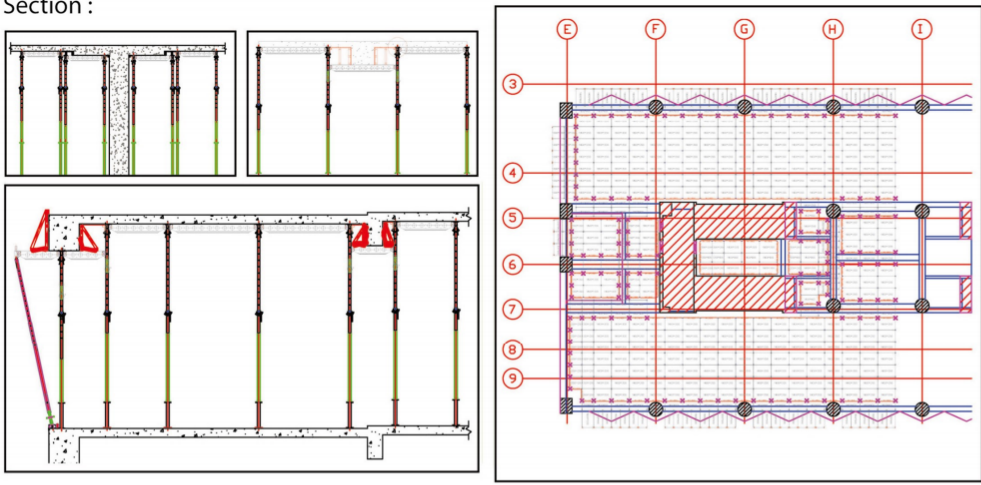

ERECTION INSTRUCTION:
