领先的技术 一站式服务

河北高迈科技有限公司，是由KYDAC控股的企业。作为KYDAC旗下的重要组成部分，我公司成立于2007年，占地4万多平方米，建设面积达2万平方米。我们汇聚了一支由多位高级液压工程师组成的专业团队，专注于液压传动、液压冷却和液压动力领域，秉承着卓越的专业能力。

Leading technology one-stop service

Hebei Gaomai Technology Co., Ltd. is an enterprise controlled by KYDAC. As an important part of KYDAC, our company was established in 2007, covering an area of more than 40,000 square meters, with a construction area of 20,000 square meters. We have a professional team of senior hydraulic engineers, focusing on the fields of hydraulic transmission, hydraulic cooling and hydraulic power, adhering to the outstanding professional capabilities.

DEVELOPMENT HISTORY OF THE COMPANY 公司发展历程

2007年	创建于河北省邢台市宁晋县大陆村镇并起名为 河北润通汽车部件有限公司。 It was founded in mainland village, Ningjin County, Xingtai City, Hebei Province and named Hebei Runtong Auto Parts Co., Ltd.
2007年-2010年	主要生产汽车散热器，在同行业中率先通过ISO90012008 国际质量管理体系认证2008年新增建筑面积13000平米，拥有固定资产1260余万元。 It mainly produces automobile radiators and takes the lead in passing the ISO 9001 2008 international quality management system certification in the same industry, in 2008, it added 13000 square meters of construction area and owned more than 12.6 million yuan of fixed assets
2010年-2015年	为进一步完成事业部架构，公司改名为河北科元科技有限公司。 In order to further complete the structure of the division, the company was renamed Hebei Keyuan Technology Co., Ltd.
2015年	推出超高压[AH]系列耐用风冷却器，解决大流量，高脉冲的液压系统散热难题 Launched ultra-high pressure [ah] series durable air cooler to solve large flow, Heat dissipation problem of high pulse hydraulic system.
2017年	为深化行业布局，科元正式成立液压元件事业部，聚焦核心技术突破与产品升级。此次全新推出液压多路阀、液压马达及液压齿轮泵三大核心产品，以深度研发为根基，以创新技术为驱动，致力于为全球客户提供更高性能、更长寿命的液压解决方案。 In order to deepen the industry layout, Ke Yuan officially established the Hydraulic Components Business Department, focusing on core technology breakthroughs and product upgrades. time, the three core products of hydraulic multi-way valves, hydraulic motors, and hydraulic gear pumps are launched, with deep research and development as the foundation, and innovative technology as driving force, committed to providing global customers with higher performance and longer life hydraulic solutions.
2019年	打造三位一体防护体系 基于全球工程机械、新能源装备领域对液压系统可靠性需求激增的行业洞察，公司战略级部署液压过滤-监测-净化全链产品矩阵，增加了液压过滤器、液压液位计、空气滤清器 Building a trinity of protection systems. Based on the industry insights of the surge in demand for hydraulic system reliability in the global engineering machinery and new energy equipment fields the company has deployed a strategic hydraulic filtration-monitoring-purification full-link product matrix, adding hydraulic filters, hydraulic liquid level gauges, and air filters
2020年	上海上甲智控液压有限公司成立，依托长三角区位优势，专注液压元件智控技术研发与海外市场开拓。通过建立国际标准实验室与数字化服务体系，成功实现液压多路阀、齿轮泵等核心产品在欧美市场的技术认证突破，为全球50+国家提供精密液压解决方案 Shanghai Shangjia Intelligence Control Hydraulic Co., Ltd. was established. Relying on the location advantage of the Yangtze River Delta it focuses on the research and development of intelligent control technology for hydraulic components and the expansion of overseas markets. By establishing international standard laboratories and digital service systems, it has successfully achieved certification breakthroughs in the European and American markets for core products such as hydraulic multi-way valves and gear pumps, and provides precise hydraulic solutions to more than 50 countries in world.
2022年	河北高迈科技有限公司落成，构建北方最大液压元件生产基地，形成「上海研发+河北智造」双核驱动格局。新增智能生产线12条，年产能提升300%，配套建设多语言技术支援中心与海外仓网络，实现从产品定制、快速交付到本地化服务的全产业链升级，现已成为中东、东南亚工程机械市场首选液压系统供应商。 In order to deepen the industry layout, Ke Yuan officially established the Hydraulic Components Business Department, focusing on core technology breakthroughs and product upgrades. This time, the three core products of hydraulic multi-way valves, hydraulic motors, and hydraulic gear pumps are launched, with deep research and development as the foundation, and innovative technology as the driving force, committed to providing global customers with higher performance and longer life hydraulic solutions.
