Guangzhou Juyulong Machinery Trading Co., Ltd.

OEM&ODM

Guangzhou Juyulong Machinery Trading Co., Ltd. is headquartered in Guangzhou, China, situated in the heart of the Guangzhou Construction Machinery Parts Center. Over the years, the company has specialized in engineering machinery parts, consistently adhering to the business philosophy of "Professionalism First, Excellence Pursued." We continuously develop and enhance our capabilities to expand into broader markets with superior quality and strong credibility.

Our product range includes parts compatible with various brands such as Komatsu, Hitachi, Kobelco, Sumitomo, Caterpillar, Doosan Daewoo, Case, Isuzu, Volvo, Hyundai, Kato, JBC, Sany, Hino, John Deere, Cummins, Mitsubishi, Nissan, Deutz, Yanmar, Kubota, Perkins, and more. We supply components for excavators, loaders, graders, forklifts, heavy-duty trucks, cranes, and other machinery. Our offerings include electrical parts such as pressure switches, throttle motors, temperature sensors, solenoid valves, controller modules, displays, wiring connectors, sensors, ignition switches, shutdown switches, wiper assemblies, thermostats, bullet connectors, main and auxiliary filters, relays, throttle cables, as well as hydraulic components, engine parts, filter maintenance items, undercarriage parts, bearing series, rubber components, extended booms, injectors, fuel pumps, and more.

Over the years, our parts have been supplied to regions including Southeast Asia, South Asia, the Middle East, Europe, Africa, South America, and other parts of the world.

The name "JUYULONG" symbolizes the convergence of strength and resources, reflecting our commitment to providing high-quality products and services. We strive to offer the most competitive prices and exceptional service to every client, aiming to build long-term partnerships and friendships while supporting customers in achieving their goals.

Your support is our greatest motivation. We are dedicated to delivering premium products and services to clients both domestically and internationally. We welcome new and existing customers from around the world to discuss collaboration and achieve mutual success.

If you require any assistance or further information, please do not hesitate to contact us!
