

Precision-Machined Wear-Resistant Plates

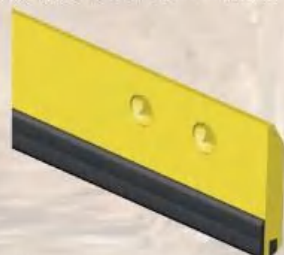

● **Dual Carbide Sections**

● **Carbide Bullets + Hardfacing**

● **Multi-row Carbide Bullets + Hardfacing Cutting Edges and End Bits**

● **Carbide Sections + Hardfacing**

● **Carbide Sections + Shield**

● **Enhanced End Protectors**

With Multi-Layer Composite Technology

for Extreme Durability!

● **Half arrow:**
Casting half arrow,
Half arrow cover plates,
Half arrow rolled steels

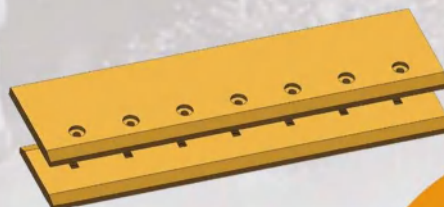

● **Casting cutting edges & end bits**

● **Snow removal:**
Isolated carbide edges with carbide overlay,
Lattice edges, Rubber cutting edges

● **Spade nose edges, Heavy-duty loader cutting edges,
Underground mining cutting edges,
Excavator cutting edges**

CUTTING:

OXYGEN, PLASMA, LASER,
WATERJET AVAILABLE

MATERIAL:

CARBON STEEL, BORON STEEL, WEAR-RESISTANCE
STEEL OR HARDOX STEEL AVAILABLE

PRODUCTION PROCESS

CUTTING

BENDING

WELDING

MACHINING

APPLICATION:

BULLDOZER, LOADER, GRADER, EXCAVATOR
