

WEKAR TECHNIC(YANCHENG)CO.,LTD

WEKAR TECHNIC(YANCHENG)CO.,LTD

Factory Highlights

- private enterprise , WEKAR TECHNIC(YANCHENG)CO.,LTD is established in 2007.
- Located in Yancheng City , Jiangsu Province. 9 miles from Yancheng airport; 217 miles from Shanghai Pudong airport.
- China factory size: 502,308 sq ft
- No. of employees : 200
- Facilities: 134 units

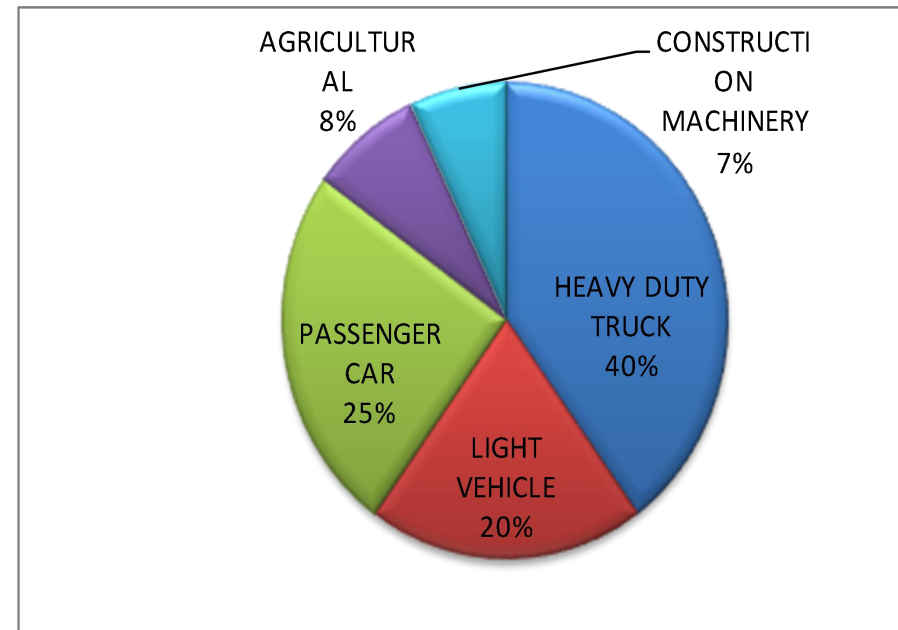

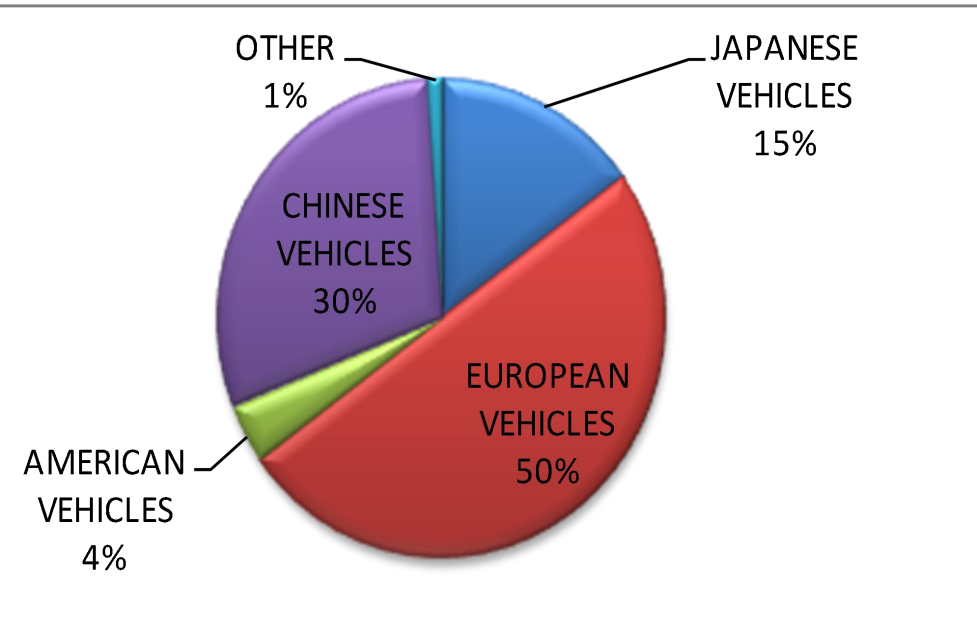

Org Chart

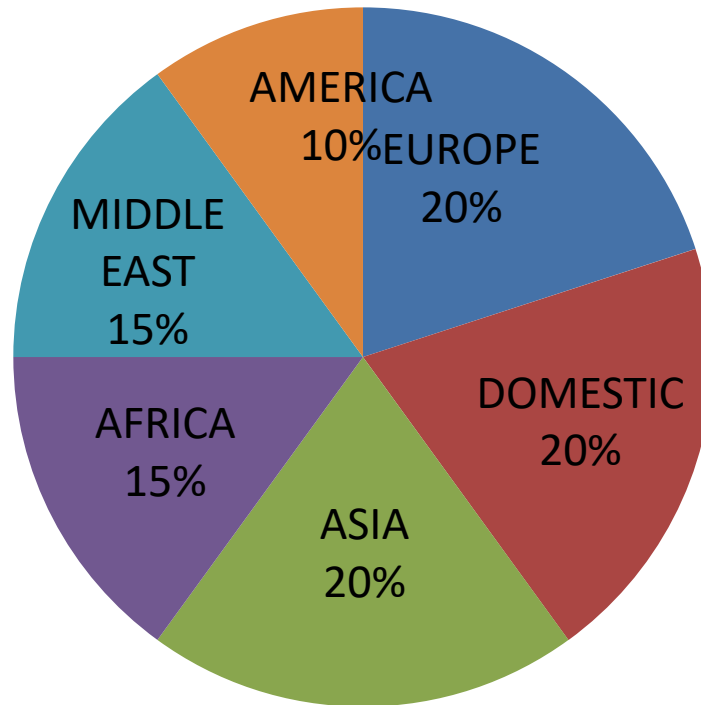

Key Products

20% clutch cover & 70% friction plate and clutch disc

10% floating seal

Key Markets & Customers

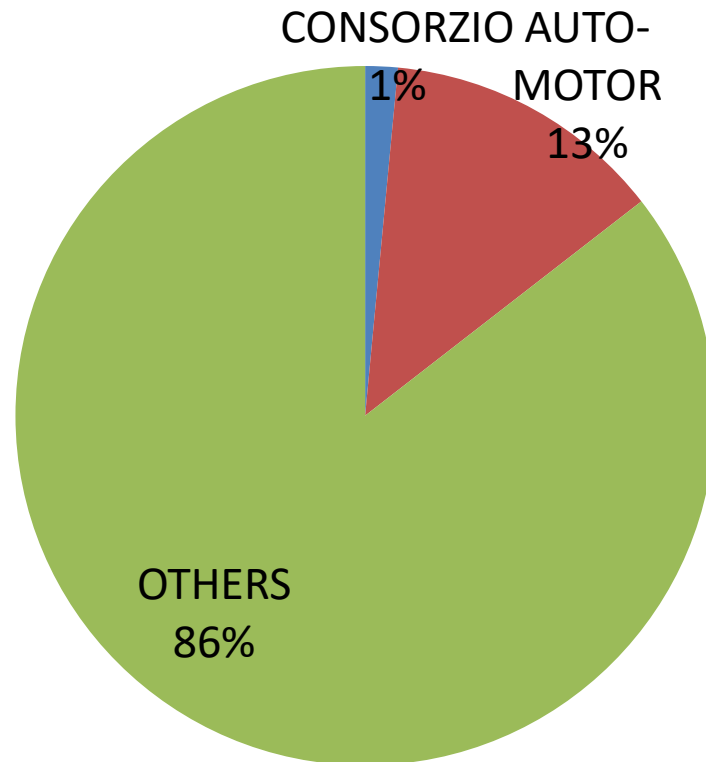

Key Markets & Customers

Europe:

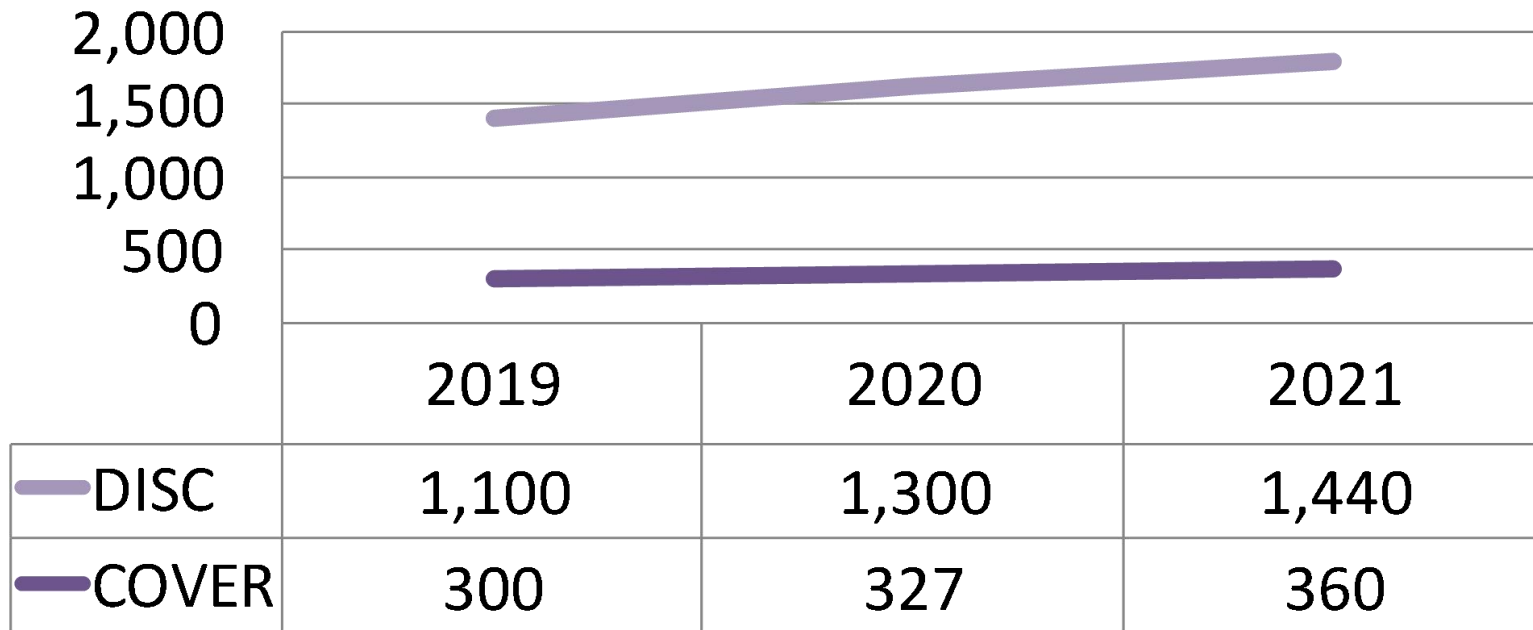

1.5% CONSORZIO RICAMBI PER L'AGRICOLTURA, direct

13% AUTO-MOTOR, through trading company

Volume Review

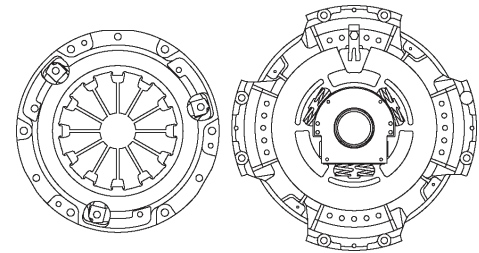

Factory turnover in the last three years

Monthly Production Capacity

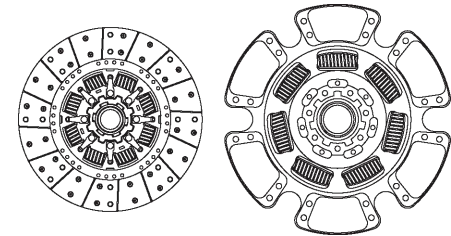

**CLUTCH
COVER**

30,000 pcs

**FRICTION
PLATE&CLUTCH
DISC**

120,000 pcs

Basic Machinery & Equipment

1600T Hydraulic Press

400T of Punch

Heat Treatment Equipment

Punching Production Line

Basic Machinery & Equipment

CNC Processing Center

CNC Processing Center

CNC Gear Shaper

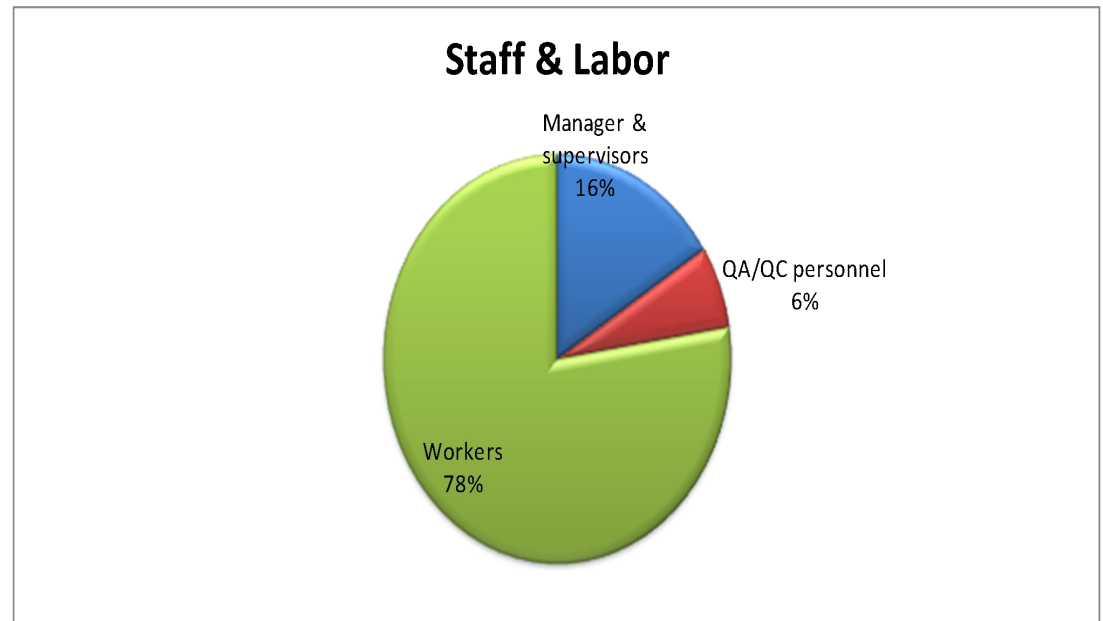

Vertical Lathe Machine

Vertical Broaching

Staff & Labor

- Total no. of staff – 200
- Manager & supervisors -32
- QA/QC personnel - 13
- Workers – approx. 155

Design Capability

- Number of designers-12
- Any patent registered-14
- Annual visit to oversea market-11

Annual Visit To Oversea Market

- 1.INAPA--- Jakarta, Indonesia March.18
- 2.AUTOMECH-- St. Paulo, Brazil April.07
- 3.MATS--- Louisville, America April.10
- 4.Automechanika Middle East---Dubai June.02
- 5.TAPA--- Bangkok, Thailand June.24
- 6.PAACE Automechanika Mexico --- Mexico City, Mexico July.15
- 7.MIMS--- Moscow, Russia August.24
- 8.INTERAUTO--- Moscow, Russia August.26
- 9.Automechanika Frankfurt--- Frankfurt, Germany September.17
- 10.EQUIPAUTO-- -Paris, France October.13
- 11.AAPEX--- Las Vegas, America November.3

Market Intelligence

- What are our new designs?

Racing car clutches

LUK 11" agricultural vehicle clutches

LUK 12" agricultural vehicle clutches

- LUK 11"

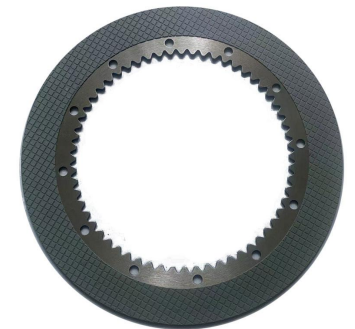

- LUK 12"

- What is hot in the market?

American car series, American truck mack series, European truck series, Japanese truck series, Japanese car series

- What is OEM product?

Friction plate for construction machinery, such as excavator, bulldozer, crane, forklift

Quality Control

- What quality system certified?
ISO/TS 16949: 2009
- Factory Audit status
OHSAS 18000 , its audit status is on consult and operation.
ISO14001 , its audit status is on consult and operation.

Quality Control

- Incoming material / components inspections & in-house testing?

For incoming material/components inspections, we inspect dimension and Material. As request, we also inspect the function. In-house test including clutch cover comprehensive performance balance testing; clutch disc torsion rigidity and face move testing.

- Check the related reports of Critical Control Points on production line?

Every process Critical Control Points are reflected in inspection report. QC supervisors inspect one by one according to inspection items.

Quality Control

- Final Inspection including Quantity, Appearance, Dimension, Function, Packing, & Customers' special request?

Before packing, the supervisors will inspect and verify the Quantity, Appearance, Dimension, Function, Package and customers' special request. All qualified, we will pack and delivery.

- At least how many QC assigned to each unit with 1 supervisor in cutting, assembling, finishing, and packing each?

At least two QC supervisors each unit.

- QC Manager has meeting with QC supervisors daily to review inspection & test records?

QC manager has meeting with QC supervisors every morning to review yesterday's inspection problem and discuss with production announcements on that day.

In-House Testing Equipment

- A、Clutch cover fatigue tester
- B、Clutch disc torsion rigidity tester
- C、Spectral instruments
- D、Clutch disc drag characteristics tester
- E、Clutch disc torsion rigidity tester and face move tester
- F、Other tester

- A、Brinell hardness tester
- B、Rockwell hardness tester
- C、Metallographic test machine
- D、Microhardness tester
- E、Microscope
- F&G、Spring tension tester

Workshop Testing Equipment

A、 Clutch disc torsion rigidity online tester

B&C&D、 Clutch cover comprehensive performance tester

E、 Diaphragm spring tester

F、 Clutch cover online tester
