嘉兴一达管件制造有限公司

JIAXING YIDA PIPE FITTING MANUFACTURING CO., LTD

公司介绍

ABOUT US

【企业概况】

嘉兴一达管件制造有限公司成立于 2015 年，是一家专注于研发、生产与销售各类高精度液压流体连接件的国家级高新技术企业。公司目前担任中国中小企业协会理事单位及全国管路附件标准化技术委员单位。依托由 4 名高级工程师与 6 名专业工程师领衔的核心研发团队，一达管件持续聚焦产品迭代与工艺升级，以高精度、高密封、高稳定性的核心优势，精准响应各类复杂工况与定制化配套需求。

【制造实力】

企业拥有雄厚的实体制造底蕴，厂区占地面积达 10000 余平方米。生产线配备 CNC 加工中心、各类数控机床及自动化焊接设备等 500 余台全套精密加工矩阵；同时自主拥有 160 吨、300 吨、400 吨三条热模锻压线。通过打通“原材料加工—精密锻造—精密机加工—成品检测”的一体化闭环生产体系，公司确保了产能充沛、工艺精湛与交付的绝对稳定。

【核心产品与应用】

- ◆ 全系列液压连接件：主营焊接式、卡套式、扩口式永华及派克标准管接头，涵盖消防软管接头、法兰式接头、高端球阀等。产品广泛服务于工程机械、石油装备、军工配套、船舶制造、风电新能源及工业液压等传统优势领域。
- ◆ 液冷前沿布局：积极角逐算力基础设施新赛道，针对性研发适配数据中心、AI 超算机房、服务器机柜及 CDU 冷却液分配系统的专用液冷管路连接件，全面覆盖新能源储能与算力机房等新兴高端场景。

【全球市场与口碑】

凭借过硬的品质标准，公司已成为徐工、中联重科、三花智控、山东临工、柳工等国内行业头部企业的长期战略配套商。在此基础上，一达管件积极拓展全球版图，产品严格对标国际通用标准，无缝适配海外多区域工况，远销东南亚、中东、欧洲及美洲等多个国家和地区，实现了内外贸双向赋能与协同发展。

【企业愿景】

未来，嘉兴一达管件将始终践行“一丝不苟，万事通达，诚信为本，互利共赢”的经营理念。我们将持续深耕液压流体连接与数据中心液冷配套两大核心领域，以技术创新驱动品质创优，致力于为全球客户提供高性价比的精密流体连接产品与一体化解决方案，全力打造国内领先、国际知名的高端管件制造品牌。

【Company Overview】

Founded in 2015, Jiaxing Yida Pipe Fitting Manufacturing Co., Ltd. is a national high-tech enterprise specializing in the R&D, production, and sales of high-precision hydraulic fluid connectors. The company currently serves as a council member of the China Association of Small and Medium Enterprises and a member of the National Technical Committee on Standardization of Pipe Fittings. Backed by a core R&D team led by 4 senior engineers and 6 professional engineers, Yida Pipe Fitting continuously focuses on product iteration and process upgrades. With core advantages in high precision, superior sealing, and ultimate stability, we accurately respond to various complex working conditions and customized requirements.

【Manufacturing Strength】

The company boasts a profound foundation in manufacturing, with a production facility spanning over 10,000 square meters. Our production lines are equipped with a complete matrix of over 500 precision machines, including CNC machining centers, advanced lathes, and automated welding equipment. Additionally, we independently operate three hot die forging lines (160-ton, 300-ton, and 400-ton capacities). By establishing an integrated, closed-loop production system covering "raw material processing—precision forging—precision machining—final product inspection," we ensure abundant production capacity, exquisite craftsmanship, and absolute delivery stability.

【Core Products & Applications】

Comprehensive Hydraulic Connectors: We primarily produce welded, bite-type, and flared pipe fittings (Eaton and Parker standards), covering fire hose fittings, flange fittings, and high-end ball valves. Our products extensively serve traditional core sectors such as construction machinery, petroleum equipment, military support, shipbuilding, wind energy, and industrial hydraulics.

Advanced Liquid Cooling Solutions: Actively competing in the emerging computing infrastructure sector, we specifically develop dedicated liquid cooling pipeline connectors tailored for data centers, AI supercomputing rooms, server cabinets, and CDU (Cooling Distribution Unit) systems. This comprehensive lineup fully covers emerging high-end applications, including new energy storage and computing facilities.

【Global Market & Reputation】

Relying on exceptional quality standards, the company has become a long-term strategic supplier for domestic industry leaders such as XCMG, Zoomlion, Sanhua Intelligent Controls, SDLG, and Liugong. Building upon this foundation, Yida Pipe Fitting is actively expanding its global footprint. Strictly complying with universal international standards, our products seamlessly adapt to diverse regional working conditions overseas and are exported to numerous countries and regions across Southeast Asia, the Middle East, Europe, and the Americas, achieving synergetic development and mutual growth in both domestic and international markets.

【Corporate Vision】

Looking ahead, Jiaxing Yida Pipe Fitting will continue to uphold the business philosophy of "Meticulous Execution, Universal Connectivity, Integrity-Based, and Mutual Benefit." Deepening our presence in the two core areas of hydraulic fluid connections and data center liquid cooling, we are driven by technological innovation to achieve quality excellence. We are committed to providing global customers with highly cost-effective precision fluid connection products and integrated solutions, striving to build a domestically leading and globally renowned high-end pipe fitting manufacturing brand.
