CNS GROUP

CNS MACHINERY (XUZHOU) CO., LTD.

CNS Machinery (Xuzhou) Co., Ltd., located in Xuzhou, home of machinery production base. CNS is expert manufacturer for cranes, aerial work vehicles, cylinder and truck tail lift ever since 2006 when the factory was established, and now has integrated R&D, fabrication and domestic transportation systems and sales.

CNS 集团位于中国机械生产基地——徐州。CNS自2006年建厂以来一直是起重机、高空作业车、油缸和汽车尾吊的专业制造商，现已集研发、制造、国内运输和销售为一体。

CNS STRENGTH

CNS实力

ENTERPRISE SCOPE

Based on rapid development and growth, we started export in 2015 and now has mature foreign trade team and experience with satisfying services teams. And CNS products are suitable for all kinds of famous brand excavators and have been widely praised. We expanded and rebuilt our factory to 60000m² in 2023 to meet the higher demand.

经营范围

在快速发展壮大的基础上，公司于2015年开始出口业务，现已拥有成熟的外贸团队和经验丰富的服务团队。并且CNS产品适用于各种名牌挖掘机，得到了广泛的好评。为了满足更高的需求，我们在2023年扩建和重建了60000m²的工厂。

QUALITY & INSPECTION

CNS has strict inspection systems from raw materials to finished products, 'Never compromise in quality' is the basic principle and of CNS development and the only secret CNS gets so many customers from domestic foreign trade companies to overseas clients. We have advanced equipment, excellent quality, strict management and technical team, to ensure the superiority of our products, with ISO9001 quality system certification.

质量及检验

CNS从原材料到成品都有严格的检验体系，“质量绝不妥协”是CNS发展的基本原则，也是CNS获得国内外贸公司和海外客户的唯一秘诀。我们拥有先进的设备，优良的品质，严格的管理和技术团队，确保了我们产品的优越性，已通过ISO9001质量体系认证

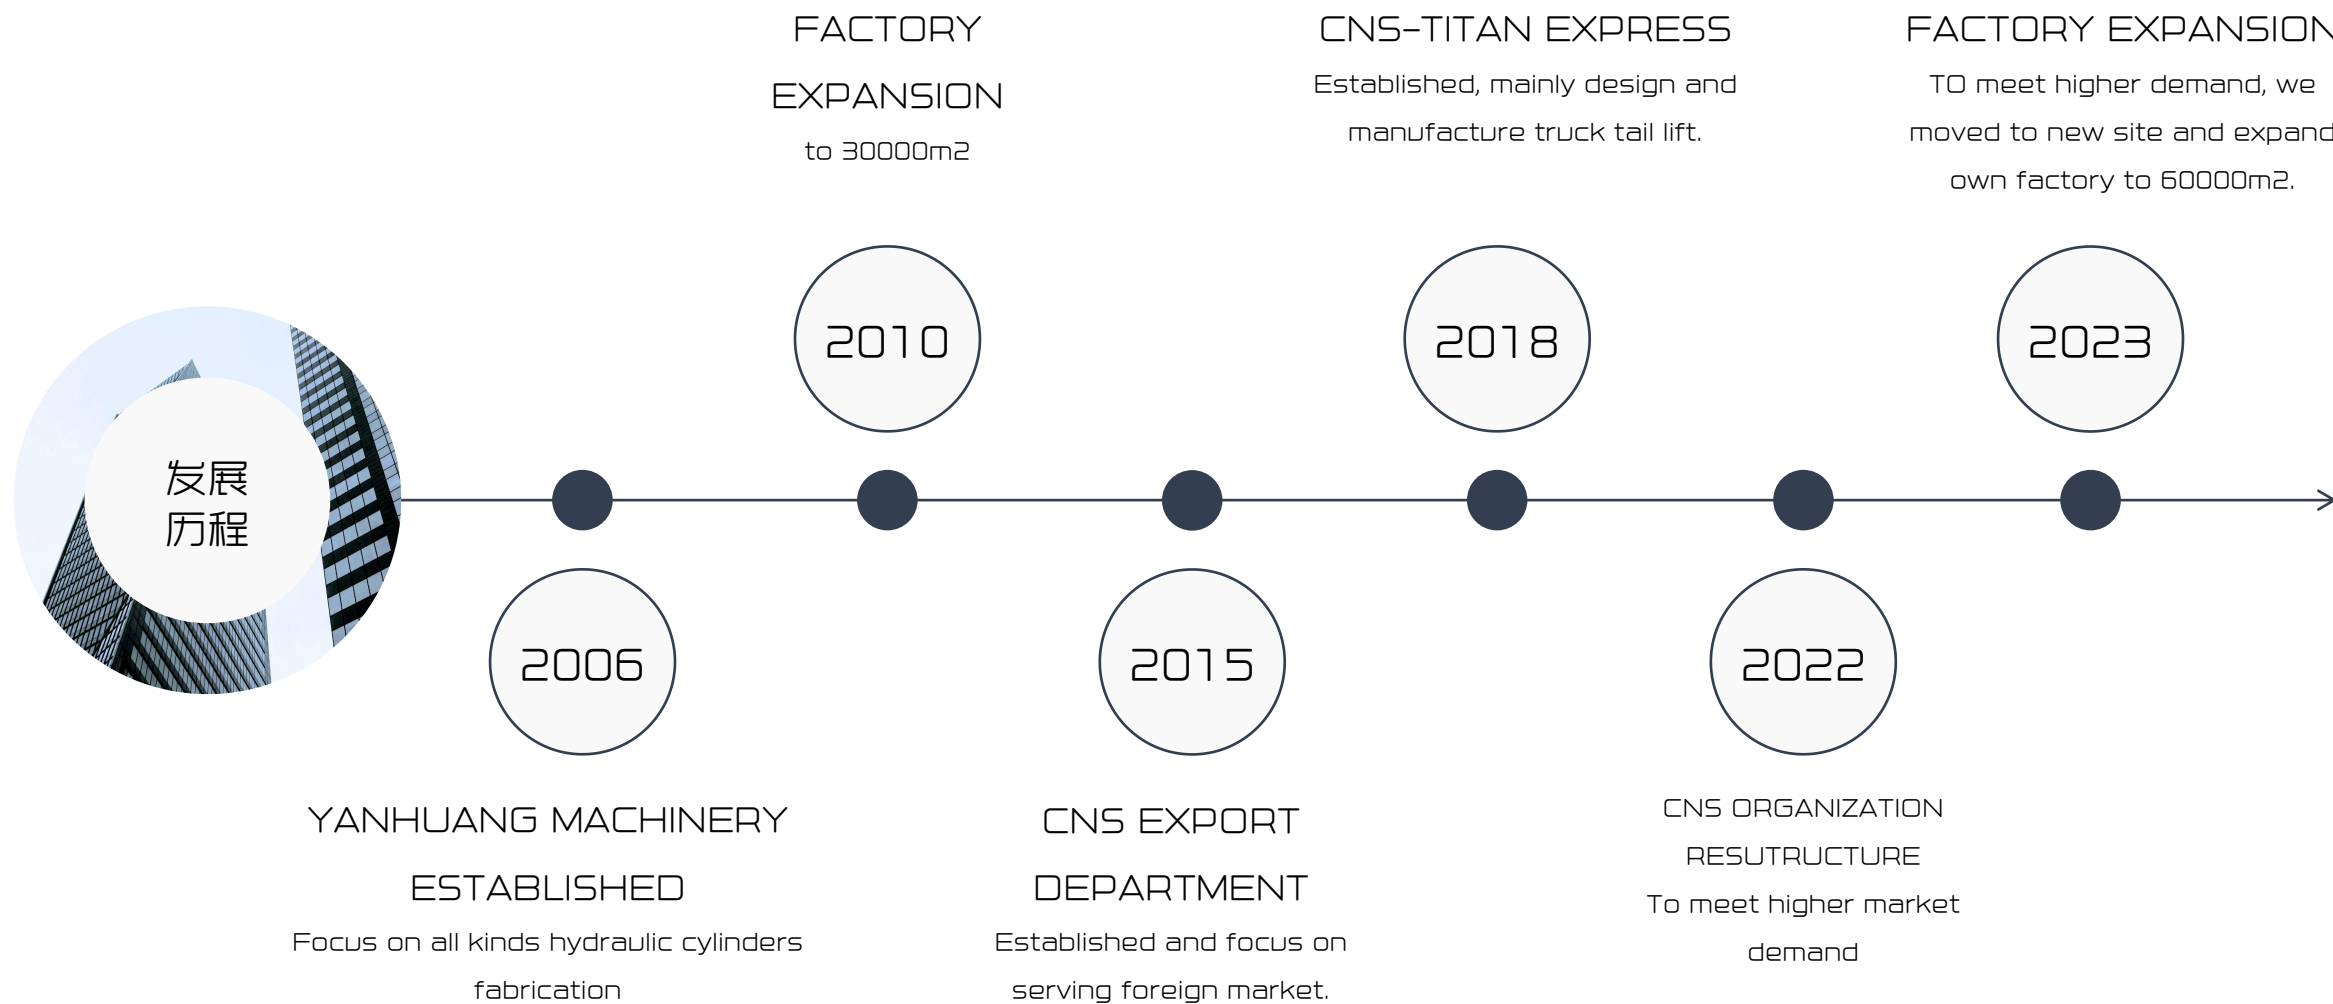

R&D

CNS invests nearly quarter of saleroom in R&D and provides OEM/ODM service for both in and abroad customers and famous enterprise like CATERPILLAR, HYUNDAI etc. with the most cost-effective prices. And we are trying harder to serve customers and achieve mutual benefits, and to be the most reliable and trustworthy supplier. CNS products have been exported to Australia, Italy, the United States, Indonesia, Vietnam, Russia, Singapore and other countries and regions.

研发

CNS将近四分之一的销售额投入研发，以最具性价比的价格为国内外客户及卡特彼勒、现代等知名企业提供OEM/ODM服务。竭诚为客户服务，互惠互利，做最可靠、最值得信赖的供应商。CNS产品已远销澳大利亚、意大利、美国、印尼、越南、俄罗斯、新加坡等国家和地区。

未来发展 VISION

TO SERVE

精心打造技术品牌、服务品牌是CNS的经营理念，在为客户创造巨大经济利益和身心健康的同时，也使CNS更成熟、更壮大、更自信、使每一个加入CNS公司的员工更自豪。

为客户提供物超所值的优质产品和完美的服务是我们始终不渝的追求，未来的发展，我们将一如继往地专心技术、专注行业，以卓越的品质为全球客户提供产品和服务。

Carefully build technology brand, service brand is the business philosophy of CNS, to create huge economic benefits for customers and physical and mental health at the same time, but also make CNS more mature, stronger, more confident, so that every employee who joins CNS company more proud.

To provide customers with value for money quality products and perfect service is our unswerving pursuit, the future development, we will continue to focus on technology, focus on the industry, to provide products and services for global customers with excellent quality.

产品介绍

Product introduction

CNS CRANES

In **CNS Machinery** we have wide range for Truck Mounted Cranes. Our telescopic cranes ranges from **1-20** Tons where as for the knuckle boom cranes we can do up to **280**Tons.

Our core strength for the Truck Mounted Cranes are:

1. High intensity lightweight design

Both Telescopic and Folding boom models use a polygonal boom structure, high-strength steel plate, welding process to combine durability and operation efficiency.

2. Extreme operational stability

Standard with large span H-type outriggers (optional manual overturn function), terrain adaptive more stable, complex conditions worry-free operation.

3. Multifunctional scalability

Modular design to support quick change: winch, screw drill pipe, aerial hanging basket, hydraulic grab, etc., to meet the lifting, drilling, aerial work and other scenarios.

4. Robust Operating Experience

Dual Mode of operating:

- ▶ High-altitude seats: open view without a corner;
- ▶ Wireless remote control: Precision control over very long distances makes complex space operations safer.

5. Intelligent security protection system

Smart torque limiter, high accuracy monitoring, real-time display of load rates, automatic shutdown of overload;

Triple anti-collision protection,; anti-rollover modes are included.

Standard export worthy film with wodden pallet

CNS AERIAL WORK PLATFORM (AWP)

CNS produce Aerial Work Platforms up to 60m right now with **RND** working with a vision for going higher and further.

Our core strengths for the AWP are:

1. High strength, lightweight design

The cranes use an 18-sided structure and a high-strength Baosteel 960 steel plate welding process, which ensures durability and improves operation efficiency.

2. Extreme operational stability

Standard with large span H-type / X-type outriggers, with stronger terrain adaptability, more stable operation, even in the face of complex conditions can work with ease.

3. Robust Operating Experience

Dual Mode of operating:

- ▶ High-altitude seats: have an open and clear view of the working platform;
- ▶ Wireless remote control: It enables precise control over very long distances, making complex space operations safer.

5. Smart safety and security system

Our cranes coupled with a wire rope anti-trench device can reduce the risk of accidents by 90%.

Equipped with high-precision monitoring and an emergency stop function, the vehicle displays the working range in real time and automatically cuts off operation if overloaded.

The vehicle's automatic interlocking mechanism interlocks the outriggers and superstructure, preventing dangerous operations due to improper operation. If the outriggers are not firmly supported on the ground, the lifting arm will restrict operation in the dangerous direction.

If the engine or main pump fails, the emergency system can safely return the operator to the ground.

Even during nighttime operations, the vehicle's safety warning devices, such as engineering strobe lights and LED lighting, ensure worry-free operation.

CNS PRESENCE IN INDIA

India's Backbone for Elevated Access Solutions with over 17 years of operational experience, **Rajdhani Infrastructure** is India's trusted expert in aerial equipment distribution, service, and lifecycle support. Headquartered in Delhi NCR, Rajdhani provides complete technical and commercial solutions for industries ranging from infrastructure development and heavy engineering to utilities and ports. As the exclusive distributor of CNS Machinery in India, we operate under the co-branded identity **CNS RAJDHANI**, offering:

Pan-India Sales Network

On-Site Commissioning & Training

Rapid Spare Parts Logistics

Preventive Maintenance & AMC Services

Fleet Support for Rentals and EPC Contractors

With a dedicated machine yard, factory-trained technicians, and multi-industry experience, Rajdhani ensures CNS equipment delivers peak performance throughout its operational lifecycle. We align international-grade machinery with India's dynamic industrial needs -delivering efficiency at height, anywhere.
