WECHAT

WATSAP

In 2003, our first company, Yixin Radaitor Company was established. In 2017, Weihui Baite Radiator Co., Ltd was founded for opening international market.

The factory holds an area of over 12000 square meters and 120 employees. It is located in Henan Province, the central part of China. We are professional radiator manufacture for over 21 years. We produce the radiator, oil cooler, intercooler for Excavator, Loader, Bulldozer, Grader, Road Roller and so on.

With advance technology and perfect detection, now we have become one of the most professional radiator manufacture in China.
