01 / Overview

Overview

Vision
Becoming the leading belt conveyor solution provider.

Mission
Professionalism, efficiency, creating more value for customers.

Value
Customer-first, striving-driven, quality-rooted, win-win together.

Hubei Xinanneng Machinery Co., Ltd. is dedicated to the research, development and manufacturing of belt conveyor system and conveyor components for over 10 years. Our company has a registered capital of 15 million dollars, covers an area of 26,700 square meters. The conveyor equipments we produced adopts different standards, such as DIN, CEMA, AS, JIS, and are exported to more than 13 countries and regions. They are widely used in various industries, such as coal, mine, quarry, harbor, port, chemical plant, power plant, cement, steel mills, salt plant etc. Xinanneng persists in improving product quality, increasing productivity, and providing high quality products for customers through innovation, thereby contributing to the success of customers worldwide.

02 / History

History

2015 Starting

Started conveyor production

2018 Upgrading

Implemented significant improvements in QC processes to enhance stablized product quality

2020 Innovation

Obtained Utility Model Patents through production experience and R&D in the industry

2022 Exploration

Started the foreign trade business

2023 Break-through

Adopted to foreign standards capable to provide customized service for overseas customers

2025-2026 Growth

Launch new plant
Capacity of roller up to 500,000 pcs/year

04 / Quality & Production

Quality Assurance

Three System Certifications

- Introduced ISO9001, ISO14001 and ISO 45001 management systems to achieve continuous improvement

Performance Excellence Management

- Customer oriented, pursuing excellent performance management and realizing the standardization and concretization of total quality control

Industry Certification

- Certified by China Mining Safety Mark - MA
- Certified by CE for conveyor idlers
- Certified as “Carbon Neutrality Commitment Demonstration Enterprise” in bidding field

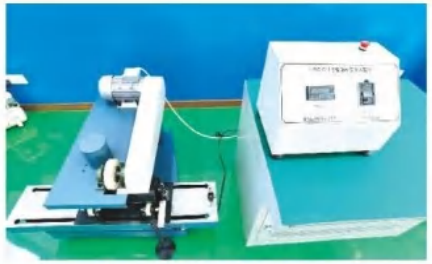

Quality Assurance

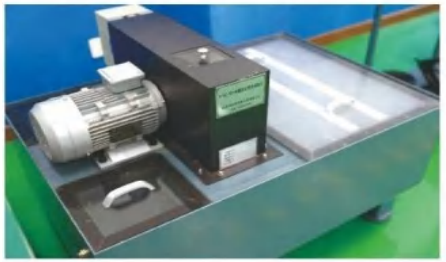

Roller Testing Equipment

Roller Dustproof Performance Test

Roller Rotation Resistance Test

Roller Immersion Sealing Test

Roller Axial load Test

Radial Runout Test

Roller Axial load Test

Production Management

Insisting on introducing advanced equipment and building intelligent & automated factory every year

Below listed part of our production equipments:

Innovation

Xinanneng holds 7 patents, and quickly applied in production

HUBEI XINANNENG MACHINERY CO., LTD.

05 / Customer Service

Customer Service

Customer Oriented

- ### Customization Service R&D with customers

Xinanneng continues to research new processes, materials and technologies, and is committed to providing customers with diversified products. At the same time, we can cooperate with customers to develop new products, to realize product customization and help customers obtain market opportunities

- ### Delivery Small batch and multi-variety

Through process optimization, management and R&D innovation, improving production efficiency and variety switching speed, increasing product selection range, shortening delivery time, and realizing small batch, multi variety and multi specification product delivery

- ### After-sale Service Fast and professional

Set up a 24-hour rapid response mechanism and special post to be responsible for after-sale service. What's more, the sales, production and quality department cooperate to provide customized solutions and help customers improve efficiency and reduce operation cost

HUBEI XINANNENG MACHINERY CO., LTD.

06 / Overseas Market

Overseas Market

Export to 13+ countries

- United Kingdom
- Croatia
- South Korea
- Thailand
- Kazakhstan
- Panama
- Lebanon
- Vietnam
- Germany
- Philippines
- Uzbekistan
- Russia
- Argentina

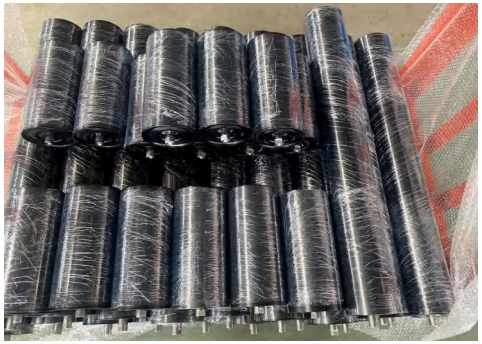

Export Product range:

- Conveyor roller/ idler
- Conveyor pulley
- Conveyor bracket
- Impact bed

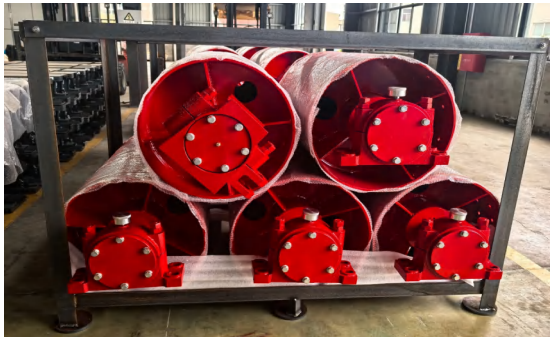

Export Standard Packing

Bulble wrapping, Steel frame/wooden case packing for sea shipment

07 / Project Case

Project Case

75+ Project Cases in China

Xinanneng provides belt conveyor system including design, production, installation, after-sale service & training.

- Belt Width: 650mm-2400mm
- Belt Length: 250m- 5600m
- Belt Speed: 0.8- 4.0m/s
- Conveying Capacity: 1000-3300 t/h

Application:

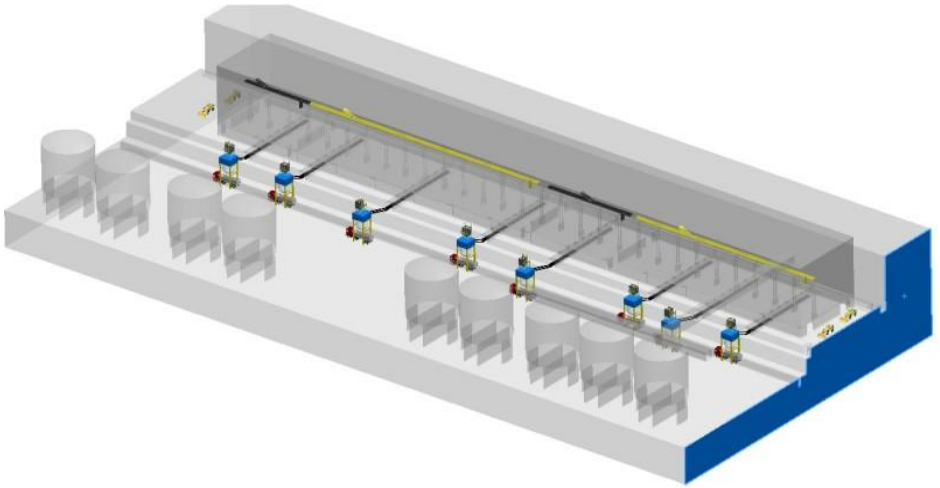

coal, mine, quarry, harbor, port, chemical plant, power plant, cement, steel mills etc.

Project Case

Hubei Minben

Aggregate Conveying System

- Belt Width: 800mm-1400mm
- Belt Length: 2650m
- Conveying Capacity: 2400 t/h

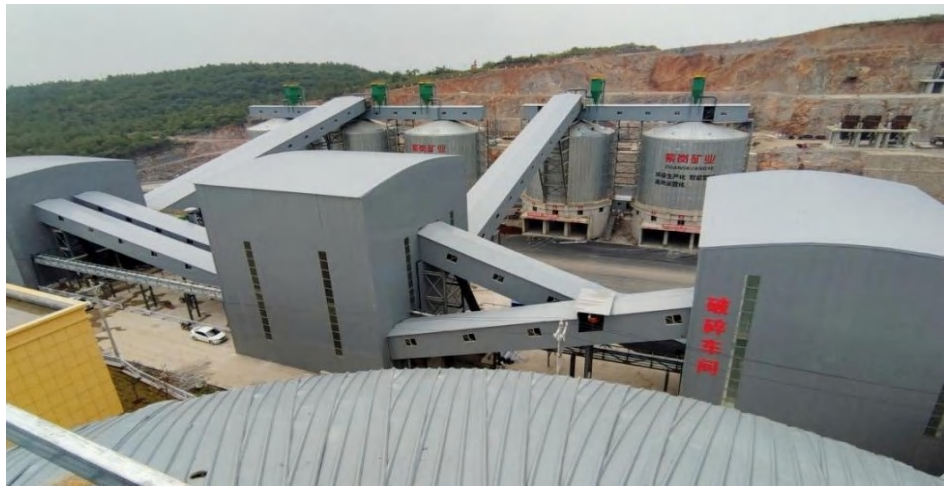

Project Case

Hubei Zigan Mining

Aggregate Conveying System

- Belt Width: 800mm-2000mm
- Belt Length: 3200m
- Conveying Capacity: 3000 t/h

Project Case

Hubei Macheng

High-inclination Downward Conveying & Power Generation Belt Conveyor System

- Downward conveying angle: -23°
- Belt Width: 1200mm-1400mm
- Belt Length: 2200m
- Conveying Capacity: 1800 t/h

Project Case

Hubei Wuxue Huangjiashan Port

Aggregate Conveying System

- Belt Width: 650mm-1000mm
- Belt Length: 2250m
- Conveying Capacity: 2400 t/h

Project Case

Chongqing Yujian Mining

Aggregate Conveying System

- Belt Width: 650mm-2000mm
- Belt Length: 2250m
- Conveying Capacity: 2400 t/h

Project Case

Zhejiang Jiangxin

Aggregate Conveying System

- Belt Width: 650mm-1400mm
- Belt Length: 2670m
- Conveying Capacity: 1500 t/h

Project Case

Huangshi Edong Port Phase Ⅰ

Aggregate Conveying System

- Belt Width: 1400mm
- Belt Length: 1804m
- Belt Speed: 2.5m/s
- Conveying Capacity: 2400 t/h

Project Case

Huangshi Edong Port Phase Ⅱ

Aggregate Conveying System

- Belt Width: 1400mm
- Belt Length: 2312m
- Belt Speed: 3.15m/s
- Conveying Capacity: 2000 t/h

Thank you!
