BEIJING CE REACHED SLIGHTLY DING
TECHNOLOGY CO., LTD.

Company Profile

BEIJING CE REACHED SLIGHTLY DING TECHNOLOGY CO., LTD. has over 20 years of experience in Deutz and Volvo diesel engines. We are a professional enterprise integrating complete engine sales, spare parts supply, customized matching, maintenance & service, and technical consultation.

Our Deutz products cover air-cooled and water-cooled engine series.

Air-cooled models: 2011, 912, 913, 914, 413F, 513/C;

Water-cooled & electronically controlled water-cooled models: BFM1013, BFM2012, BFM1015, TCD2012, TCD2013, TCD2015, TCD2.2/2.9/3.6/4.1/6.1/7.8/12.0/16.0;

Volvo series: D4D/D4E/D5E/D6D/D6E/D7D/D7E/D8K, Volvo Penta TAD620/720/730/750.

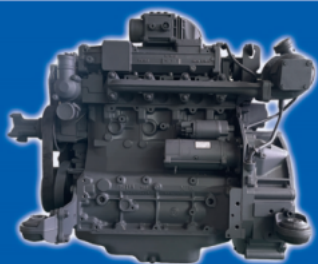

These products are widely applied in construction machinery, agricultural machinery, mining machinery, port equipment, stationary & mobile generator sets and other non-road mobile machinery.

We have established a complete engine warehouse, spare parts storage center and professional maintenance base in central China. With sufficient inventory and a skilled technical team, we supply imported and domestic complete engines and spare parts. We deliver reliable quality at competitive prices to meet diversified procurement requirements.

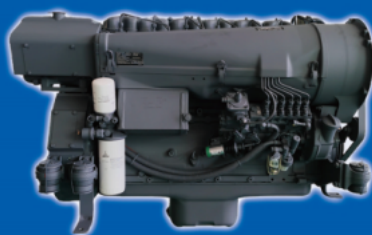

Adhering to the business principles of Customer First, Quality-oriented, Service Priority and Integrity for Win-Win Results, we provide high-quality and cost-effective engine units and spare parts. We serve customers at home and abroad with fast delivery response, professional technology and sincere service.

Engine Sales

Authorized first-level agent for Deutz China engines, mainly dealing with Deutz and Volvo engines, complete-engine replacement and performance customization are available.
