ABOUT US

RUIAN FLY MACHINERY PARTS CO.,LTD

RUIAN FLY MACHINERY PARTS CO. ,LTD was established in 2006. Until now, Fly Machine has become a professional manufacturer mainly undertaking construction machinery parts that Road Milling bit, Trenching bit, Grader blade bit, Foundation drilling bit, Stump cutter, Saw teeth, Forestry mulcher teeth, Grinder tip and Mining and Tunneling bits etc. are our main products.

In recent years, we have brought in kinds of production equipment and testing equipment, including 1000ton, 630Ton, 400Ton friction press machine production lines, fully-equipped workshop, 30 sets of CNC machine processing, 8 sets of Machining centers, 20sets of welding equipment, one automatic welding equipment and all kinds of testing machines. And we own a professional Research & Development Team. Moreover, we have gained ISO9001:2008, international quality system certification quality system. We are keen on technology research and innovation of product design according to client's requirement.

With excellent quality, reasonable price and credible reputation, we have gained praises from clients at home and abroad. Our products are very popular in North America, Europe and South Asia, Russia and other part of countries and regions. We dedicate ourselves to meet your need.

*Most first-class team
the most professional technology*

*we strive for excellence in every detail,
so the quality has no accident our workers*

FLY MACHINERY®
Ingenuity casting

ENTERPRISE QUALIFICATION

QUALITY ASSURANCE

An excellent product manufacturing process is not only show by advanced production, technology, equipment and perfective detection. In contrast, we pay more attention to technical experts and technical engineer to participate in the entire process, make our products excellent and make our brand " FLY " have more profound meanings.
