质量稳定, 经久耐用 绝非偶然

Reliable Quality, Excellent Performance,
It Is Not Accident

得业专注于汽车散热器风扇、鼓风机等产品的研发及销售, 公司成立以来一直在汽车风机领域为全球客户提供完美的风机控制系统解决方案及相关产品。

得业把“稳定运行, 节约能源”作为产品研发的宗旨, 以超越客户期望为服务目标, 作为汽车风机领域控制系统的领先制造商, 得业一直密切关注全球的环境保护, 确保所开发的产品符合环境保护的最高要求。

DEYE focus on the development and sales of radiator cooling fan and blower motor. We provide the reliable products and service to the customers all over the world.

“Stable operation, Saving energy” is the purpose while we developing the products. As the leading manufacturer in the field of auto electrical parts, DEYE aims to exceed the expectations of our customers. We keep a close eye on the global environment protection to ensure the products suitable for their demand.

结构紧凑, 设计合理, 低噪音运作
Compact structure, Reasonable design,
Low-noise operation

快速安装系统, 易插易用;
Plus-play system, installed and use
immediately

能适应在恶劣空气环境中持续工作
Adapting to poor-environment working

拥有高效的稳定性, 连续使用时间更长;
Longer continuous operation with high
stability

高风量排放, 更高效
Higher air flow and more efficient

用我们无限的热情 将细节做到极致

Passionate Enthusiasm To Details

客户的信任是我们最大的发展动力。在我们涉及的领域中，力求在市场中保持领先地位，紧跟汽车工业的发展，得业持续创新以及开发新产品，从而为客户提供优质的产品，并成为其长期合作伙伴。我们的创新精神，高效的项目管理，以客户为本的理念无不体现了“追求卓越”的企业格言。

Our greatest development momentum is customer's trust for us. In the field of we involved, DEYE strives to maintain a leading position in the market, keeping up with the development of the automotive industry, DEYE continues to innovate and develop new products, so as to provide customers with efficient products, and become their long-term partners. Our innovative spirit, efficient project management and the concept of customer-oriented all reflect our enterprise motto "pursuit of excellence".

为了产品的最佳性能

For the Best Performance

得业拥有领先的研发技术，智能的制造装备，标准化的车间管理，
根据你的需要研发和生产，保证你的品质。

With the advanced research and development technology, intelligent manufacturing equipment, standardized workshop management, DEYE are able to serve you qualified products based on your request.

推陈出新, 只有不断创新才能久经考验 Only Innovation Can Be Time-Tested

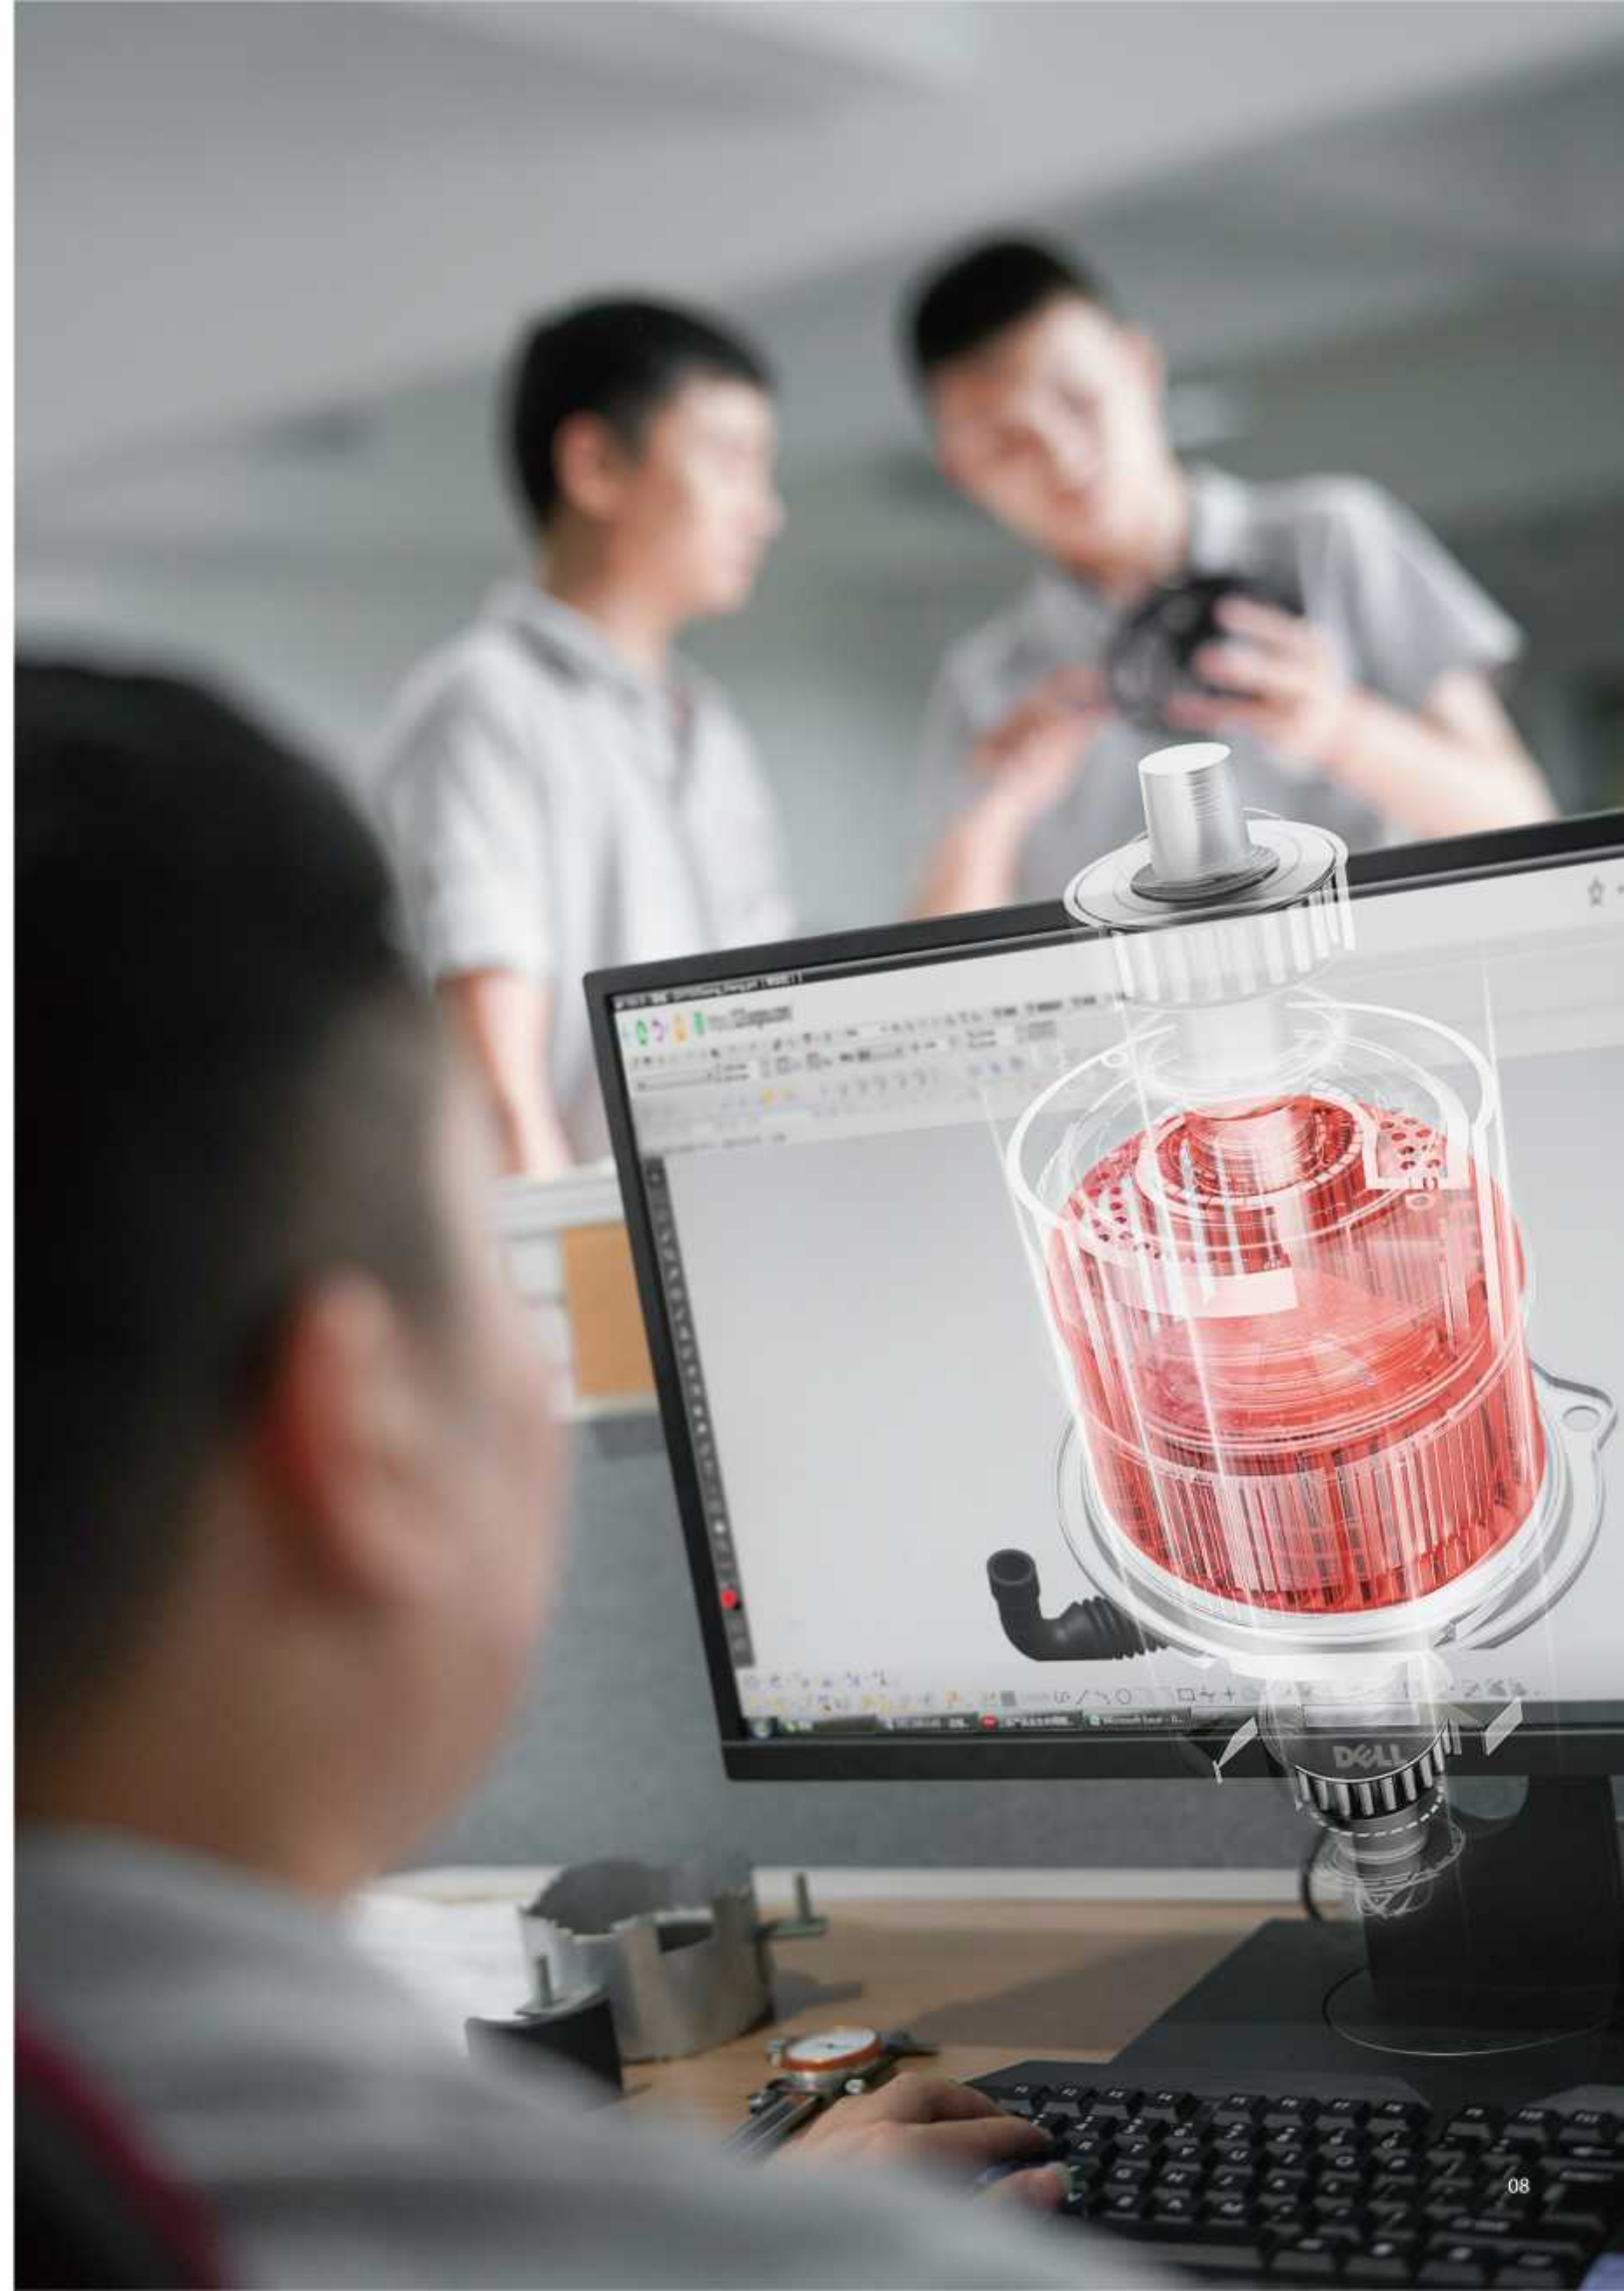

关注细节，在新产品的研发过程中，
我们倾尽全部精力来实现产品的各种性能。

DEYE Pays Attention To Details. We Go All Out To Achieve The Top Performance And All Possibilities In The Development Of New Product.

企业的生存和发展需要依靠技术的不断更新，前沿的技术能推动企业生产力发展，而生产力的领先就会成为一种竞争力，通过不断的创新所带来的核心技术，将是得业在未来激烈的市场竞争中处于领先地位的主要支撑。

It's not an overnight thing to become the technology leaders in the world-wide. The survival and development of enterprises rely on the development of technology, which can promote the productivity. And the productivity will become a competitive power. The core expertise, which is brought about by continuous technological innovation, will be in the leading position in the future fierce market competition.

超过 40 多项专利和实用新型专利都见证了得业的创新力量。
More than 40 patents and utility model patents witness the innovative power of DEYE.

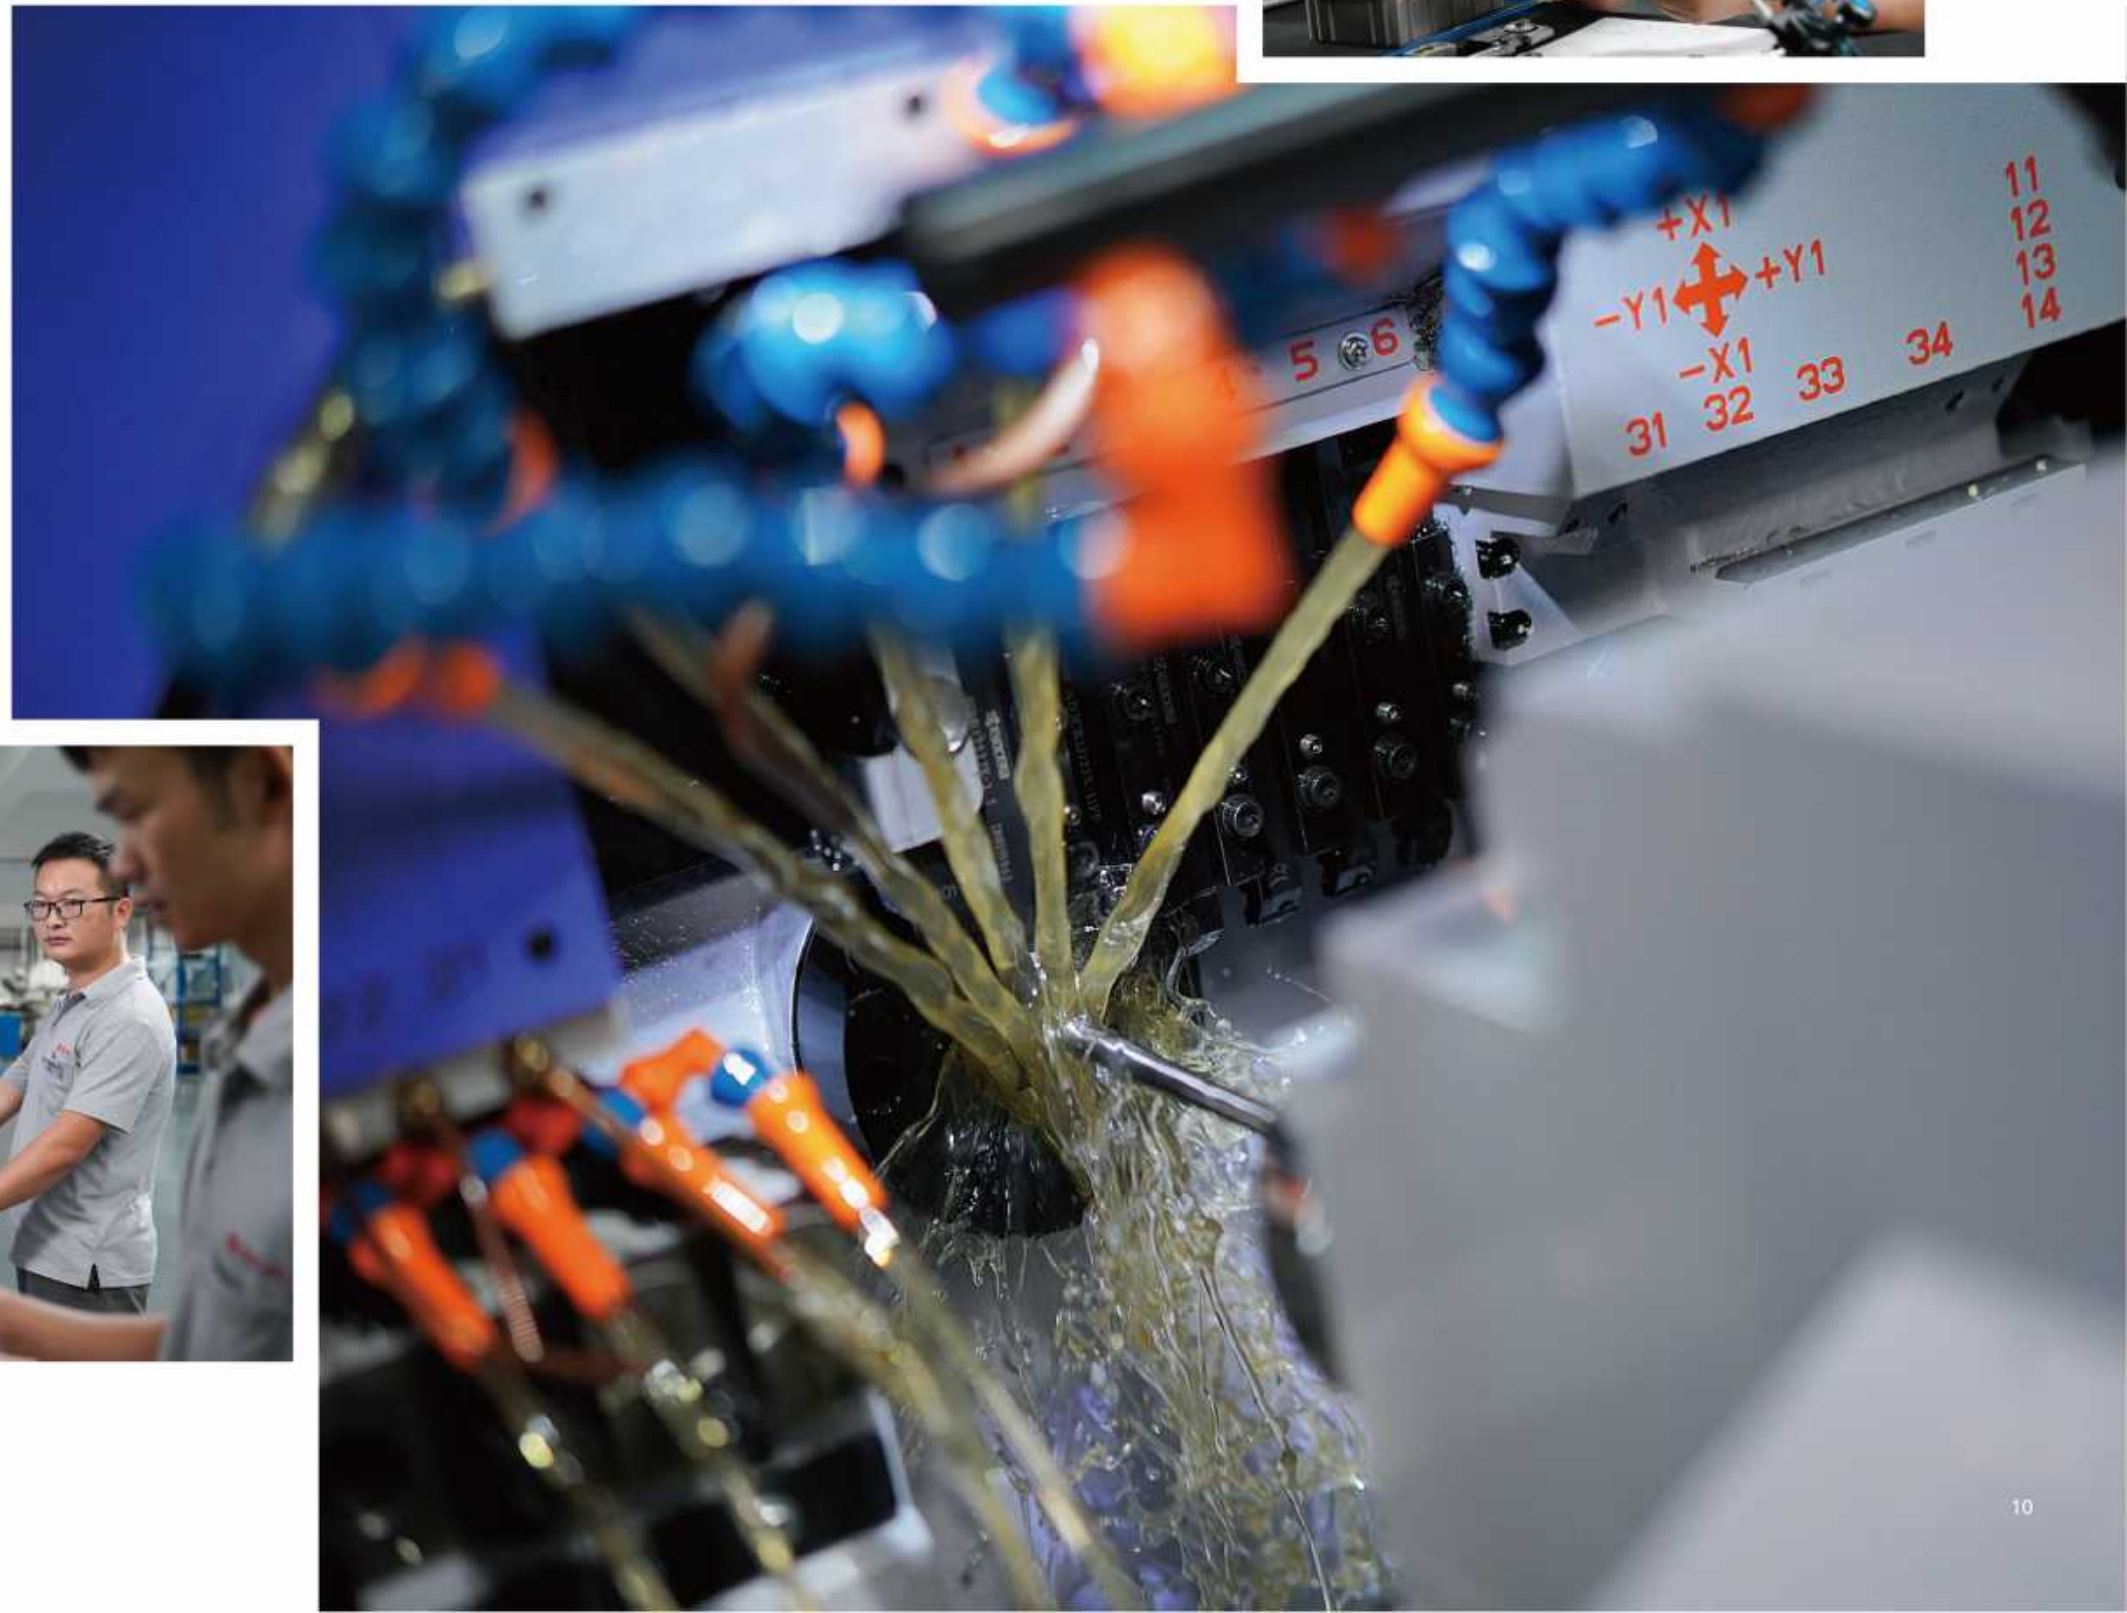

我们的关键组件 我们自主生产 In-house Production of The Crucial Components

我们使用的是经专业人员完善的最新技术和工艺，掌握技术的前提是了解技术。作为一家提供全方位服务的供应商，我们认真对待每一项工作，从不懈怠；从模具管理和零部件生产，精密的生产工艺，到精益化的装配管理模式。

The latest technology we used is perfected by our professional person. As a supplier who provides a full range of services, we take every job seriously, and never slack off. From mold management and parts production, to precision injection molding process and lean assembly management.

好的产品源于好的组件，
这就是我们坚持自主制造的理由，
并把这些应用极致化。

*Better Components, Better Products.
That's the reason we insist to the in-house production*

先进制造设备 标准化车间管理

Advanced Manufacturing Equipment
Standardized Workshop Management

先进的制造设备让模具精度更高，产品性能更稳定。标准化生产让产品的一致性得到充分的保障。

Advanced manufacturing equipment ensures the precise tooling and stable products. Standardized production ensures product consistency.

品质如何做到？ How To Guarantee The Quality?

原材料对产品质量的重要性不言而喻
得业产品的稳定性和持续性来源于对原材料的严格把控

The importance of raw materials to the quality of the products is very important.
The stability and sustainability of the industry product comes from the strict control of the raw materials.

主要原材料供应商均为上市公司和 OEM 供应商
