Company Introduction

- **Hebei ACE Auto Parts Co., Ltd.** is located in Qinghe, Hebei, China which specializes in the design and manufacture of quality rubber and plastic products for a variety of markets. ACE is currently certified to the industry standard ISO/TS 16949:2009. With advanced in-house testing laboratory, we can manufacture products meeting national standards, industrial standards, ASTM, SAE, ISO, DIN and OEM customer-specific standards. All products comply with RoHS and REACH directives.
- We are here to provide you with the highest quality products available. These products are found in a wide variety of industries: vehicle & transportation, marine, machinery, electronics, electrical appliances, chemical, construction, etc.
- **Molded Rubber Products:** bushings, engine mounts, air intake hoses, CV boots, steering rack boots, standard and custom rubber grommets, etc. The parts are either compression molded or injection molded.
- **Custom Rubber Hoses:** EPDM rubber radiator hoses, heater hoses, formed hoses, universal and custom silicone hoses, silicone rubber radiator hoses, turbocharger to intercooler hoses, silicone couplers, flexible radiator hoses with steel wire reinforcement, air hoses, rubber vacuum hoses, air conditioning hoses, etc. The hoses are either made by hand or extruded under a strict quality controlled environment.
- **Extruded Rubber Products:** EPDM rubber seals, rubber profiles, rubber extrusions, weather-strips, rubber tubes, trim seals with steel core or steel wire core, edge trims, etc.
- **Molded Plastic Products:** plastic clips connectors, hoses, dust-proof boots, bushings, etc. Materials include PVC, PE, PP, PA, ABS, etc.
- As a custom molder and extruder, we can meet your various requirements. From concept to finished parts, ACE works closely with you to ensure excellence in each part we deliver in the most cost-effective and timely manner. Our success is the result of the dedication of our 85 employees to meet each customer's needs.
- **Business Philosophy:**
Integrity Pragmatic Innovation Service
- We look forward to being of service to you.

ACE RUBBER PRODUCTS

- Rubber & Silicone Hoses & Tubing
- Rubber Molding
- Rubber Extrusion
- Plastic products

Silicone or rubber hose & tubing

- Low & High Temperature Applications
- Low, Medium & High Pressure Hoses
- Wide Variety of Fittings
 - PVC
 - Aluminum
 - Bronze
 - Stainless Steel
- Antistatic
- Abrasion & Corrosion Resistant
- Ozone and UV Resistant
- Weather and Salt Water Resistant
- Flame Retardant

Silicone or rubber hose & tubing

CAPABILITIES

- Molded/Extruded
- Mandrel Forming
- Reinforced & Non-Reinforced
- Spiral & Braided Reinforced Hoses
 - Single and Multi
- Cloth, Nomex and Metal Inserted
- Custom Hosing and Tubing
 - Length, Diameter & Thickness

APPLICATIONS

- Hydrostatic Transmissions
- Automotive/Trucking
- Brake Fluid
- Power Steering
- Radiator Hoses
- Air Intake Hoses
- Turbo Charger Hoses
- Special & Multi-Purpose

Silicone hose

We can produce reinforced silicon hoses and hose kits for car and other industry applications. The hose is a silicone rubber construction with smooth wipe down finish. And the material is excellent resistance to UV, water, ozone and oxygen.

- Hose specifications:
 - 1) Uses: Turbine superchargers, coolants or radiator .
 - 2) Material: silicone rubber
 - 3) Standard color: blue
 - 4) Color options: black / red / green / purple / yellow / orange
 - 5) Standard hose max temperature: -50 ~ +260 degree
 - 6) Thickness: 2mm to 7mm, size tolerance : -0.5/+1mm , reinforcement is made up 1 to 4 layers of polyester or Nomex
- We now provide the TYPES of following:
 - 1) Straight hoses, coupling
 - 2) Straight hump
 - 3) Elbow hoses
 - 4) U-shape
 - 5) T-shape hoses
 - 6) Reducers
 - 7) Elbow reducers
 - 8) Hose kits
 - 9) Custom OEM hoses or according to your drawings or samples.

Rubber & Plastic molding

APPLICATIONS

- Molded Gaskets & Seals
- Mud Flaps
- Floor Mats
- Boots
- Bushings
- Grommets
- Isolators & Fitting
- Bellows
- Baffles/Shields
- Pedal Pads
- Vibration Mounts
- Grips/Knobs
- Bumpers
- Body Molding Closeouts
- Rubber To Metal Bonding
- Molded Hoses/Tubing
- Diaphragms
- O-rings

Rubber & Plastic molding

CAPABILITIES

- Injection
- Compression
- Transfer
- Vacuum Molding/Forming
- Metal Insert Over-Molding
- 2 & 3 Shot Over-Molding
- 2 & 3 Color Over-Molding
- Insert Over-Molding
- Blow Molding
- Rotational (Roto) Molding
- Custom and Multi-Assemblies

MATERIALS

- Rubber
 - (NR) Natural Rubber
 - (EPDM) Ethylene-Propylene-Diene-Monomer
 - Fluorocarbon, Viton
 - (NBR) Nitrile, Buna-N
 - (SBR) Styrene Butadiene
 - (CO, ECO) Epichlorohydrin
 - (CR) Chloroprene, Neoprene
 - (SI/FSI) Silicone/Fluorosilicone
- Plastic
 - PVC
 - Nylon
 - Polyurethane
 - Polypropylene
 - Polycarbonate
 - (HDPE, LDPE, LLDPE) Polyethylene
 - (ABS) Acrylonitrile-Butadiene-Styrene
 - TPE, TPO, TPU, TPV, TPR
 - Teflon Filled Material
 - Glass Filled Material

Rubber extrusion

APPLICATIONS

- Extruded Gaskets & Seals
- Weather Stripping
- Edge Protectors
- Decorative Trim
- Bumpers
- Pedal Pads
- Cord and Tubing
- Adhesive Applications

Rubber & Plastic extrusion

CAPABILITIES

- Splicing
- Secondary Die Cutting
- Reinforced and Non-Reinforced Tubing
- Mandrel Forming
- Single, Dual and Co-Extrusions
- Plastic Welding
- Pressure Sensitive Adhesives
- Continuous or Cut to Length
- Custom Design/Profile
- Custom Assemblies

MATERIALS

- Rubber
 - (NR) Natural Rubber/Polyisoprene
 - (EPDM) Ethylene-Propylene-Diene-Monomer
 - (SBR/GR-S) Styrene Butadiene Rubber (Buna S)
 - (CSM) Chlorosulfonated Polyethylene, Hyalon
 - (NBR) Acrylonitrile Butadiene, Nitrile, Buna N
 - (CR) Chloroprene, Neoprene
 - (SI) Silicone
 - (ECO) Epichlorohydrin
- Plastic
 - TPE, TPO, TPU, TPV, TPR
 - PVC
 - Nylon
 - (EVA) Ethylene Vinyl Acetate
 - (HDPE, LDPE, LLDPE) Polyethylene
 - (ABS) Acrylonitrile-Butadiene-Styrene
 - Polyurethane
 - Polypropylene
 - Polycarbonate
 - Teflon Filled Material
 - Glass Filled Material

ACE PLASTIC PRODUCTS

MATERIALS

- (HDPE, LDPE, LLDPE) Polyethylene
- Acrylonitrile-Butadiene-Styrene (ABS)
- EPP (Expanded Polypropylene)
- Teflon, Bronze or Glass Filled Material
- Polyphenolsulfone, Polysulfone
- PVC
- Polyurethane
- Polypropylene
- Polycarbonate
- EVA
- K-Resin
- PEEK
- Thermoplastic Elastomers

Plastic products

CAPABILITIES

- Blow Molding
 - Extrusion Blow Molding
- Coextruded Blow Molding
 - Injection Blow Molding
 - Stretch Blow Molding
 - High Gloss to Textured Finishes
 - Hollow Parts
- Injection Molding
 - High Production Rates
 - Repeatable High Tolerances
 - Complex Shapes
 - 2-Shot, Multi-Shot Molding Similar Materials
 - In-Mold Decoration & Lamination
- Insert Molding
- Overmolding
 - Rubber to plastic
 - Dissimilar Materials
- Thermoforming
 - Vacuum Forming
 - Pressure Forming
 - Twin Sheet Forming
- Multi Color
- Custom Designs
- Paint & Texturing
- Value-Added Shielding, Gasket & Seals
- Custom Assemblies

Plastic products

APPLICATIONS

- Automotive
- Trucking
- Agriculture
- Industrial
- Medical
- Electronics
- Wiring Harnesses
- Battery Terminal Covers
- Ethernet Terminals
- Handles
- Bezels
- Gear Shift Knobs
- Window Lift Parts
- Switches
- Seat Belt Components
- Radiator Tops
- Automotive Fascias
- Automotive Control Panels
- Automotive Door Panels
- Housings
- Cases
- Gas Tanks
- Spoilers
- Ducts
