Company Profile and Product Features

Company Profile:

Xuzhou Qiyang Machinery Co., Ltd. was established in 2013 and is an emerging engineering machinery and equipment R&D enterprise. The company is located in Xuzhou City, Jiangsu Province, China's engineering machinery base. It is a long-term partner of many large enterprises and well-known brands such as XCMG, LSH-CAT, COSCO, Hengli, Inner Mongolia Energy, Jidong, Julong Mining, Doosan, Yanmar, Wackerneuson, etc.

The company adheres to the customer-centric and market-oriented thinking, adheres to quality and continues to innovate. We firmly believe that product quality is the foundation of the survival of the enterprise, so we insist on putting product quality first in every production link; we firmly believe that customer needs are the direction of our efforts, so we insist that product design is always centered on the actual use of customers; we firmly believe that the market reputation is the greatest affirmation of the enterprise, so we insist on doing a good job of tracking services for each product.

We are willing to be your most trusted long-term partner!
