

企业简介

泉州市和森机械工贸有限公司,座落于福建东南沿海经济发达的著名侨乡—福建省泉州市晋江紫帽工业区,系一家集锻造、机加工、热处理、研发、销售、服务为一体专业生产工程机械底盘件、汽车配件及各种高强度螺栓的企业;产品畅销全国各地及东南亚市场,受到广大用户的广泛认同和普遍赞誉。

自创立以来,和森机械始终秉承“卓越品质,优质服务”的经营理念;公司具备完美的质量管理体系,多年来精心构筑了独特的管理和生产开发模式,并通过ISO9001:2008国际质量管理体系认证;为与高科技、产业信息化时代接轨,公司引进国内外先进、高效、精密的生产和检测设备,以稳定和提升产品品质,以质量创品牌。

我们的经营宗旨是“质量第一、用户第一、信誉第一”。在注重实践与探索的同时,我们不断力求产品创新,服务创新,致力于为海内外客户提供一流的产品和一流的服务。竭诚欢迎海内外新老客户来函来电,光临惠顾,另承接OEM订单生产,来样订做加工,加盟合作。

Introduction Enterprise

QUANZHOU HESEN MACHINERY INDUSTRY CO.,LTD, is located in zimao industrial park, quanzhou, fujian—the famous well-developed area. It is a company which combined with professional design, develop, produce and sale. Our main products are construction machinery Chassis Parts, cars parts and kinds of high strengthen bolts. Our products obtain good markets in home and abroad.

Since founded, HESEN always insists to the management idea of “high quality, good service” and it owns perfect quality guarantee system. It has built its unique ways of management and Research Development and Production, and has also Through ISO9001:2000 international quality management system certification. To stabilize and promote quality, we have introduced the advanced, high-efficiency and precise production and detection facilities from home and abroad.

Our tenet is " quality foremost, customer first and credit worthy". At the same time of paying attention to practice and exploration, we constantly strive to product innovation, service innovation to supply first-class products and first-class service to customers from home and abroad. And we also supply OEM service.

With years of decated efforts, our company has receiving widespread admiration from clients at home and abroad. And its branch in Guangzhou was founded in 1995. Welcome new and old customers visit our factory sincerely.

生产车间 / PRODUCTION WORKSHOP

和森机械拥有现代化厂房，工厂生产引进6S现场管理，CAXA的PLM图文档管理，拥有多工位冷镦成型机数台，连续网带淬火炉数条，及专有拉力测试机，冲击测试机，影像仪，光谱分析仪等专用检测设备，大大提高产品质量和生产效率。经过几年不断改进和创新，拥有产品设计制造的核心技术，已成长为行业内的佼佼者，同时树立了良好的品牌形象。

Hesen Machinery has a modern factory, the factory production introduction of 6s field management, CAXA PLM diagram document management, with several sets of multi-station cold header forming machine, several continuous belt quenching furnace, and proprietary tensile testing machine, impact testing machine, image instrument, spectral analyzer and other special testing equipment, greatly improve product quality and production efficiency. After several years of continuous improvement and innovation, with the core technology of product design and manufacturing, has grown into a leader in the industry, while establishing a good brand image.
