

Territory Expander

Portable All-in-one System

-  All-in-one design, integrated 6KW bidirectional inverter and battery
-  Energize high-power electric tools(impact drills, pickaxes, etc.)
-  Pull-out battery pack for easy maintenance
-  Easy control (including powering off the machine) via App remotely
-  Support different output interfaces, such as Type-C
-  Support GPS/BPS location

SPECIFICATIONS

Output	
Rated Output Power	6kW
AC output*3	Rated output voltage 220V
28V DC output*4	Max total output current 30A
Type-C output*2	100W max
Input	
AC input*2	Fast charging with 3KW and 6KW ports （Only 6KW when both ports are plugged in at the same time）
General	
Battery Capacity	5.12kWh(Supports parallel extra battery up to 10.24kWh)
Protection Level	IP54
Cooling	Natural cooling + fan cooling
Dimensions （D*W*H）	1013*670*725 （mm）
Operating Temp.	－10℃～+40℃
Storage Temp.	－40℃～+60℃
Humidity	0%～95%
