

CGR GHINASSI®
THE BRAND YOU CAN TRUST

PUMPS

**QUALITY SPARE PARTS
FOR EARTH MOVING MACHINES**

PUMPS

The manufacturing process is carried out using **special and specific tools** to obtain a tolerance accuracy within one hundredth of a millimetre.

Each pump component is checked with a **three-dimensional machine** to ensure compliance to the technical specs.

Before being assembled, all the cast iron/steel parts undergo a burr elimination process using a special treatment.

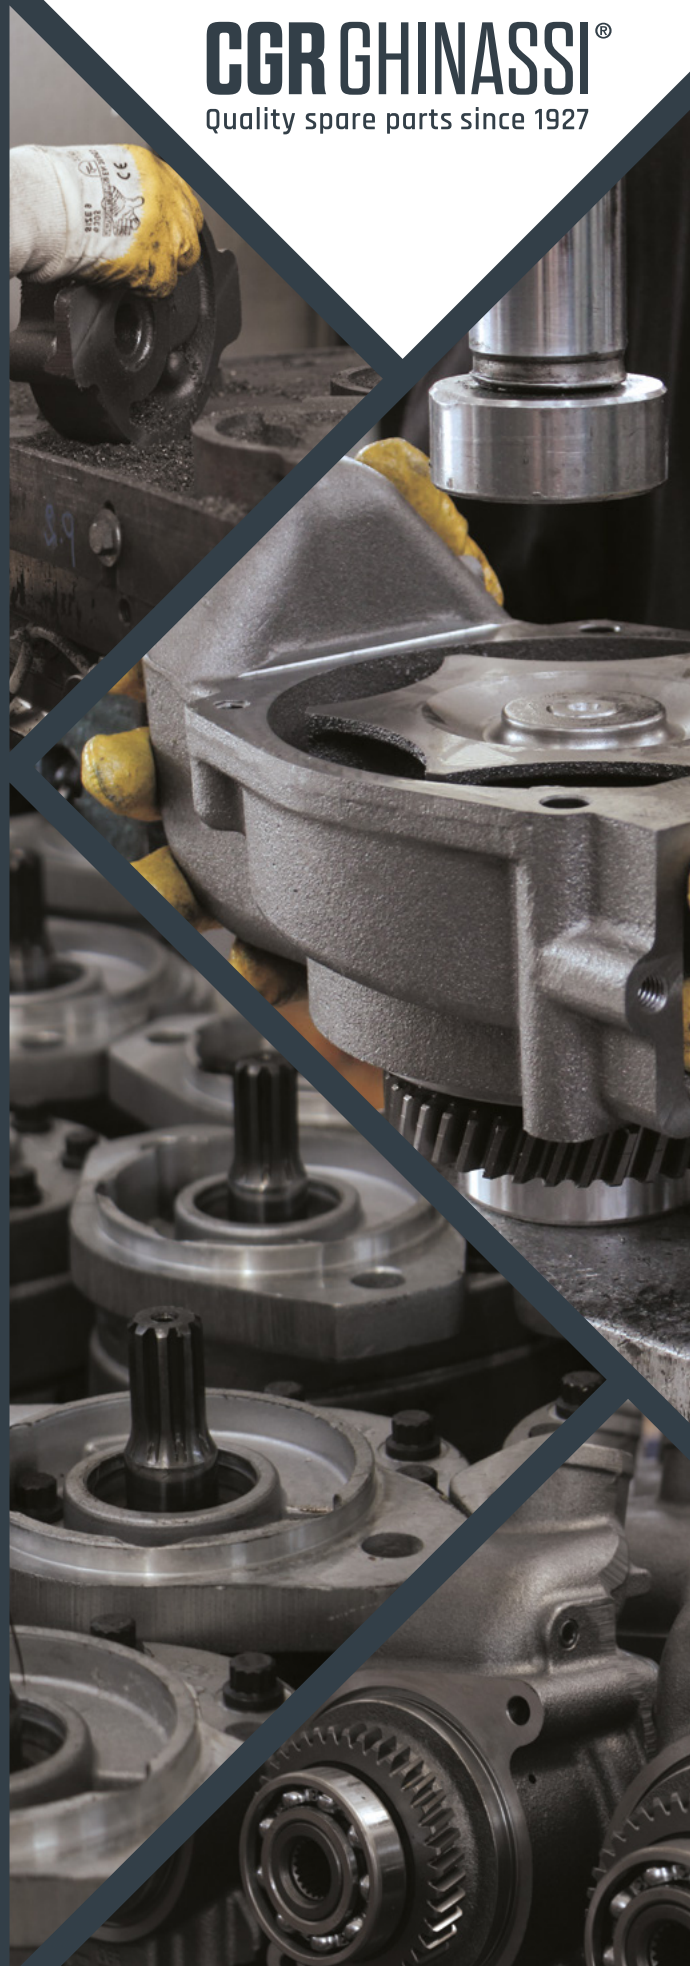

REASONS WHY YOU CAN TRUST OUR PUMPS

Accurate and specific quality controls:

- ◆ MANUAL ROTATION OF COMPONENTS WHEREVER REQUIRED
- ◆ CLEANING AND BLOWING OUT OF ALL IMPURITIES
- ◆ BENCH TEST AND STRESS TEST
- ◆ METICULOUS VISUAL INSPECTION OF THE WHOLE PUMP
- ◆ PACKING WITH WATERPROOF AND RUSTPROOF BAGS

CGR GHINASSI®
Quality spare parts since 1927
