GASKET KITS

CGR gaskets and rings are designed using the **perfect combination of material** and profile to perform at their best on your application; the materials they are made of are also **resistant to the temperatures** and **pressures** inside engines and machines.

The kit consists of gaskets, oil seals, o-rings and other gaskets necessary for a complete overhaul.

REASONS WHY YOU CAN TRUST OUR GASKET KITS

Accurate and specific quality controls:

- ◆ MATERIALS RESISTING WEAR AND EXTRUSION THUS PROVIDING RESISTANCE TO SEAL COMPRESSION
- ◆ THE DIMENSIONS OF OUR GASKETS ARE CONSISTENTLY HELD WITHIN TIGHT TOLERANCES TO ENSURE A PROPER FITTING INTO THEIR SEATS WITH THE RIGHT COMPRESSION
- ◆ THE HIGH QUALITY OF THE CGR GASKET KITS PROTECTS YOUR INVESTMENTS BY INCREASING THE SERVICE LIFE OF YOUR ENGINE
