

平地机、推土机阀组

Road Grader, Bulldozer Valve Block

特点：

1. 与电控系统配合使用实现自动化作业；
2. 响应速度快，动作平稳；
3. 手动/自动可自由切换；
4. 广泛应用于后装及前装市场。

Features:

1. Compatible with electronic control systems to realize automatic operation.
2. Fast response speed and stable movement.
3. Freely switch between manual and automatic modes.
4. Widely used in front-mounted and rear-mounted equipment markets.
