

特种运猪车液压站

Special Pig Transport Vehicle Hydraulic Power Unit

特点：

1. 专为生猪运输车量身打造，集尾门启闭、尾板升降、车厢顶升降功能于一体，精准适配活体牲畜运输作业需求；
2. 车载紧凑型设计，体积小；
3. 质量稳定，故障率低。

Features:

1. Custom-designed for pig transport vehicles, integrating tailgate opening/closing, tail lift lifting/lowering and carriage roof lifting functions, perfectly meeting the operational demands of live livestock transportation.
2. Vehicle-mounted compact design with small size.
3. Stable performance and low failure rate.
