Beijing Denfosn International Trade Co., Ltd. was founded in 2009. It is a professional enterprise integrating sales and services of high-end commercial vehicles and off-road engines.

The company integrates domestic OEM original manufacturer resources, together with world-leading international brands including DAYCO, BORGWARNER, MAHLE and HENGST. We are deeply engaged in DEUTZ, VOLVO, MAN, SCANIA, PERKINS and CAT engines.

We have a professional engine technical team capable of undertaking design application, modification, testing and full-process after-sales services. We maintain spare parts inventory worth over ten million US dollars, covering more than 80% of immediate aftermarket demands. Supported by digital full-process management and located adjacent to Beijing Capital International Airport, we can arrange shipment within 18 minutes to ensure efficient delivery.

Adhering to the business philosophy of integrity and quality excellence, we take "Making every product a premium product" as our core competitiveness. We uphold a customer-centric mindset and continuously provide customers with high-quality products and services.
