SHANDONG JIALE IMPORT AND EXPORT CO., LTD.

**Not Just Parts —
Power You Can Trust**

COMPANY PROFILE

Shandong Chengjiang Construction Machinery Co., Ltd founded in 2010, is a comprehensive production and sales enterprise specialising in the research, development and manufacture of spare parts for excavators, integrating forging, machining and heat treatment. Its main products include bucket pin and bushing, H-link, washer, which are suitable for both domestic and imported excavators.

The company has over ten years' experience in manufacturing and is equipped with advanced domestic production and testing equipment to achieve specialisation, modernisation and large-scale production. Our products sell well in China and are exported to Southeast Asia, the Middle East, Eastern Europe and other regions thanks to their excellent quality, wide range and competitive prices.

We adhere to the business philosophy of 'superior quality, lifelong warranty, rigorous and efficient' and are committed to becoming a competitive and trustworthy supplier of excavator parts. We welcome customers from home and abroad to discuss cooperation and support OEM and customised samples!

PRODUCTION EQUIPMENT

Shandong jiale has introduced imported equipment and adopted advanced foreign production technology and raw materials, which not only increases production but also ensures product quality. Under the rapidly changing market competition conditions, the company has gained unanimous praise from users through continuous innovation, with high-quality product quality and excellent product performance.
