公司简介
COMPANY INTRODUCTION

徐州[illegible]有限公司成立于[illegible]年，[illegible]、[illegible]、[illegible]为一体的专业铝[illegible]公司。公司有精湛的铝板冷加工成形设备，具有丰富的冷作加工技术，主要加工设备有自动冲[illegible]机、[illegible]机、[illegible]机、

Company philosophy 企业文化

- **企业宗旨** Enterprise purpose

  以质量求生存，以开发创新求发展，以信誉和服务赢客户

  To survive by quality, to develop innovation to develop, to win customers with reputation and service

- **企业目标** Business goal

  成为铝制品加工技术领域领先者

  Become a leader in the field of aluminum deep processing technology

- **经营理念** Operation principle

  依法经营、诚信经营、持续发展

  Operation according to law, Uphold the integrity of business, sustained and healthy development

- **管理理念** Management philosophy

  提升团队素质，凝聚团队力量，营造员工和谐的氛围，打造核心竞争力

  Improve team overall quality, create the team atmosphere, increase employee loyalty, build the core competitiveness

- **员工信念** Employee beliefs

  下气质等，开发新品，诚信对待，共赢未来

  Good quality, reasonable prices, comprehensive service, timely delivery, win-win cooperation

铝合金托盘
Aluminum Alloy Pallet

产品简介 Product Introduction

Pallets are mainly used for transportation and logistics, environmental protection, food safety and other issues have become the top priority.
Aluminum alloy pallets are suitable to replace wooden pallets, plastic pallets and steel pallets. They have been widely used in the shipping industry in Europe, the United States and America.

高空作业平台
Aluminum Aerial Working Platform

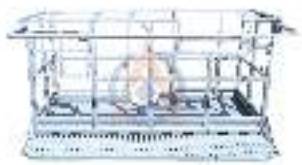

产品简介 Product Introduction

[illegible]

The high-altitude working platform designed and developed by our company is processed by advanced technology and is made of imported domestic aluminum profiles and bolted structures. Compared with the traditional steel structure, the weight is reduced by more than 50%, which greatly improves the safety performance of the product.

铝合金护栏
Aluminum Alloy Guardrail

产品简介 Product Introduction

铝合金护栏是铝合金型材经过冲压、折弯、焊接等工艺制成的一种金属护栏，具有重量轻、强度高、耐腐蚀、外观美观等特点，广泛应用于道路、桥梁、隧道、建筑等领域。

Aluminum alloy guardrail is mainly used to protect roads, bridges, tunnels and buildings. It has the characteristics of light weight, high strength, good stability, corrosion resistance, beautiful appearance, etc. It can be customized according to your requirements.

铝合金止台板
Aluminum Alloy Parter

产品简介 Product Introduction

本产品为公司自主研发的新型专利产品，具有结构合理、操作简便、适用性强、安全可靠等特点，能够有效提高工作效率，降低劳动强度，广泛适用于各类车辆及设备的止台板安装与使用。

This product is my company's independent research and development of innovative patented products. It has the characteristics of reasonable structure, convenient operation, strong applicability, safety and reliability, etc., which can effectively improve work efficiency, reduce labor intensity, and is widely applicable to the installation and use of stop plates for various vehicles and equipment.

The size and shape can be adjusted according to the vehicle model, making the installation of some complex problems.

铝合金种植架
Aluminum Growing Mushrooms Shelves

产品简介

铝合金种植架采用优质铝合金材料，经过精密加工和表面处理，具有重量轻、强度高、耐腐蚀、易清洁等优点。适用于食用菌、蔬菜、花卉等多种作物的立体栽培，可有效提高空间利用率和产量。

Product Introduction

Aluminum alloy plant production of European technology is in view of the characteristics of the product, our company has made significant improvements in the original technology and innovation.

The aluminum alloy shelves made from aluminum profiles need no processing, have a smooth surface, are fully automated production line cut, precise, and meet international welding standards.

产品简介 Product Introduction

[redacted]

Aluminum alloy, chosen mushroom picking cart is a high-quality model specially developed by our company. Mushrooms need to be watered often, so it is easy to create a humid environment. The anti-slip structure of the mushroom picking cart is designed to safely work. Our picking cart can move with ease, saving labor, high efficiency, and high-quality.

铝合金蓄水池
Aluminum Alloy Water Tank

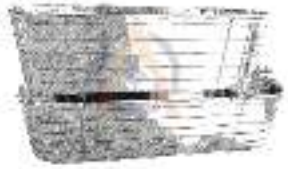

产品简介 Product Introduction

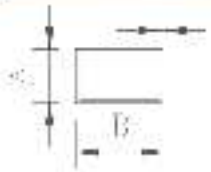

[redacted]

The Aluminum alloy reservoir has ribs and beams to ensure the strength and improve the appearance. In addition, the reservoir has the advantages of light weight, strong corrosion resistance, environmental protection and easy recycling.
