Zhuo Yixin is with you

Guangzhou Zhuoyixin Trading Co., Ltd. is committed to providing high-quality fluid connection products, serving various connection industries in the fluid industry, and truly benefiting various customer groups in the fluid connection supply chain. Zhuo Yixin provides a one-stop centralized procurement platform for mechanical engineering hydraulic systems and various types of pipe fittings enterprises, selling a full range of products covering the industrial chain of hydraulic pipe fittings and oil pipe fittings.

Our main products include German JS stainless steel 316ti ferrules, carbon steel ferrules, and various specifications of VOSS connectors, nuts, plugs, WF(walform) rings, O-rings, etc., providing customers with more product solutions.

Zhuoyixin aims to become a comprehensive platform service provider for the engineering hydraulic fluid pipe fittings industry chain, integrating resources, collaborating with the industry chain, and developing related enterprises together.
