Logistics & Transportation Services

We maintain stable partnerships with major Ro-Ro carriers including GLOVIS, GRIMALDI, ANJI and COSCO. Steady space allocation and competitive booking rates are guaranteed in both peak and off-peak seasons, with an annual shipment volume of 800,000 cubic meters.

Ro-Ro Shipping

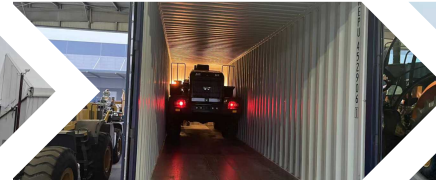

We handle finished vehicles and KD spare parts via container shipping (standard containers and flat racks), with proven strength in transporting construction machinery by flat rack. The average annual shipment volume exceeds 25,000 TEUs over the past three years.

Flat Rack Container Shipping

We have built efficient logistics routes reaching Central Asia, Russia and Southeast Asia, providing flexible general routes and customized dedicated line services. Professional local teams stationed in destination countries deliver one-stop localized services including customs clearance, last-mile delivery and exception handling.

Cross-border Road Transportation

Break Bulk Shipping

With 16 years of experience in break bulk cargo business, we have established stable partnerships with domestic and international shipping companies such as Sinotrans Shipping, Chun An Shipping and Hong Da Shipping. Our annual shipment volume surpasses 1,000,000 cubic meters.

Railway Transportation

Our international block train service covers Russia, Central Asia and Europe. We are one of the few domestic enterprises capable of simultaneously operating containerized international block trains and transporting extra-wide & oversized heavy machinery via rail.

Value-added Services

Leveraging our standardized securing system at our own yards and extensive hands-on experience in construction machinery handling, we develop customized securing solutions equipped with complete abrasion-resistant liners and rigid limit supports, ensuring no cargo shifting and no paint surface damage during transit.

Packing & Lashing Services

Our border port services mainly serve markets in Central Asia, Russia, and Southeast Asia. We offer flexible delivery options, including delivery at domestic ports, overseas border ports, or directly at the final destination, to meet clients' specific logistics requirements.

Border Port Services

KD Services

We have professional KD yards and technical teams in Qingdao, Shanghai, Tianjin, Guangdong, Jiangsu, Chongqing, Shaanxi and other regions, providing integrated solutions including design, dismantling, packaging, warehousing and transportation for construction machinery manufacturers.

Port Ground Services

We have established a standardized, end-to-end port ground service network at key ports including Qingdao, Shanghai, Yantai, Taicang, and Lianyungang. Our professional services cover vehicle receiving, inspection, dimension measurement, measurement supervision, vehicle washing, and wax spraying.

Core Advantages

Deep Roots in Overseas Markets with Extensive Industry Experience

We have established a strong presence in overseas shipping markets across Southeast Asia, Africa and the Middle East, backed by extensive hands-on experience in shipping operations.

Abundant Carrier Resources & Extensive Route Coverage

We maintain stable partnerships with mainstream shipping lines including Glovis, Grimaldi, MSC, Hapag-Lloyd, Maersk, Sinotrans, Chun An Shipping, etc. Competitive rates and guaranteed space are available in both peak and off-peak seasons.

Diverse Service Portfolio & One-stop Full-process Solutions

We deliver end-to-end integrated services including domestic trucking, container stuffing & securing, port ground services, customs clearance, ocean transportation and overseas door-to-door delivery.

Professional Team & Standardized SOP Management

With 16 years of experience in construction machinery export logistics, we have formulated standardized SOP workflows and established a comprehensive risk control system.

30,000 sqm Yards with Proven Stuffing & Securing Capabilities

We operate professional KD processing and consolidation yards in Qingdao, Shanghai, Tianjin, Guangdong, Jiangsu, Chongqing, Shaanxi and other regions, with a daily container stuffing capacity of 150 TEUs.

In-depth Cooperation with Major OEMs

Our professional service capability and quality have been recognized by leading OEMs such as SANY, Liugong, Shantui, Sunward, Yutong Heavy Industry and Weichai, and we are now listed as their authorized logistics suppliers.

Partners

Cargo Damage Prevention & Control System

Pre-transit Protection

We apply professional protective treatments including wax spraying and tarpaulin covering for vehicles and equipment, carefully wrap exposed pipelines, and fully seal the cab, eliminating potential environmental damage at the source.

Professional Securing

Multi-point steel wire lashing and triangular wedge anti-slip measures are rigorously applied to firmly secure equipment during transit and prevent collision damage caused by cargo shifting.

Photo & Video Documentation

We document key procedures including pre-loading inspection, container stuffing & securing, and vessel loading through photo and video records. Every step is traceable, providing clear evidence for liability verification.

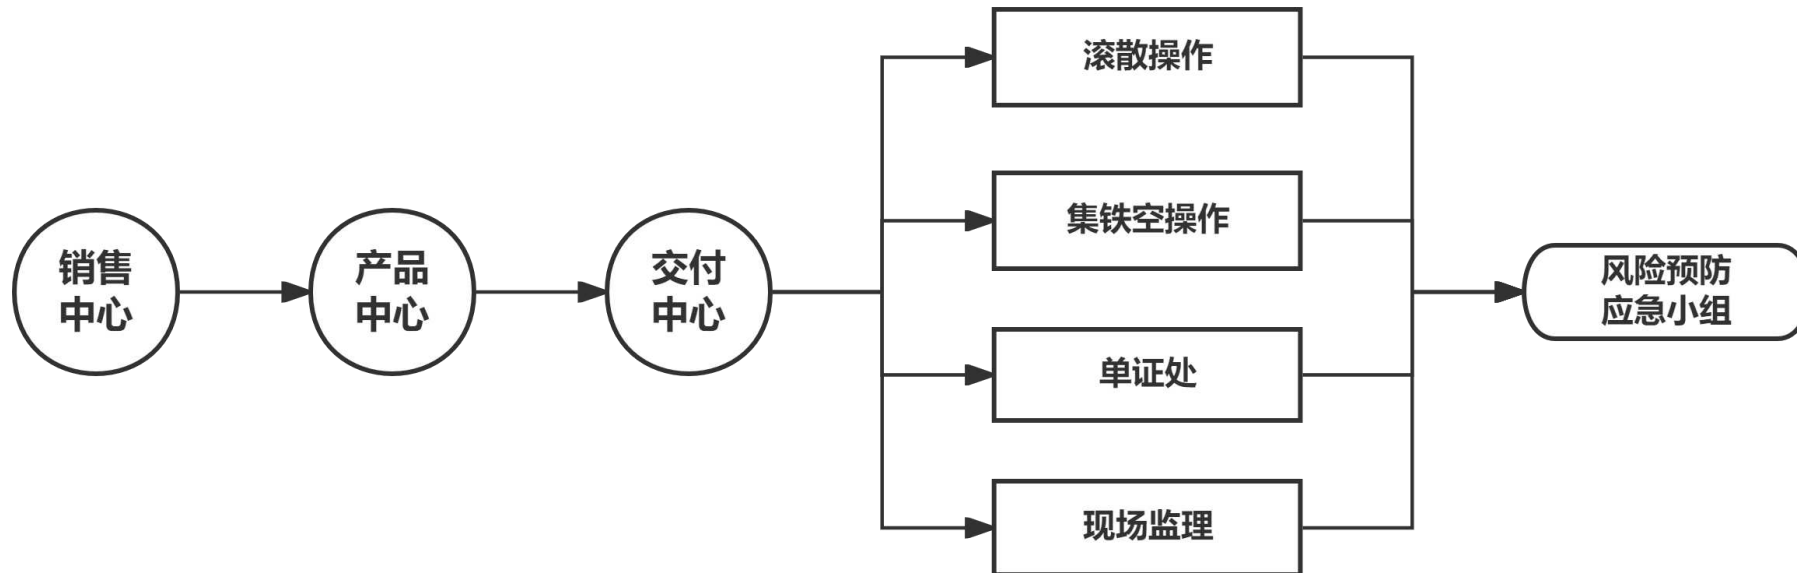

Comprehensive Insurance Coverage

We provide full-value insurance covering the entire sea and land transportation chain. In case of accidents, a dedicated expedited claims channel will be activated immediately to ensure prompt and full compensation for your losses.

Risk Prevention & Control System

Sinotrafic has established efficient mechanisms for risk early warning, emergency incident reporting, and major risk handling. A dedicated risk incident response team is in place. We regularly conduct internal training on risk prevention and control to enhance risk awareness across all staff.
