SHANDONG RZ DRILLING TOOLS CO., LTD.

COMPANY PROFILE

Shandong RZ Drilling Tools Co, Ltd. is not only a professional manufacturer and exporter of road milling tools, foundation drilling tools, underground and surface mining tools, trenching tools, tunneling tools and other kinds of construction tools, but also one of the largest cutter production bases in China. RZ products have been widely used in the mine, geophysical exploration, tunneling, trenching and rock drilling, subway engineering, metallurgy, water conservancy project, highway projects and other projects, we also customize tungsten carbide tools under request.

Furthermore, we have already got the certification of ISO9001:2015. Relying on professional technical personnel, rich production experience and accurate grasp of the industry, relying on sophisticated production equipment, advanced manufacturing technology, strict quality control system, the company has been developing and growing in the increasingly fierce market competition. Now RZ has won high praise of the customers home and abroad by providing high-quality products and competitive price product and satisfactory services, and we have very good relationship and reputation among our customers, also entered the overseas markets such as Japan, Korea, US, middle east, Brazil, Chile, Australia, Europe, and Southeast Asian countries etc.

We have built our own cost advantage through rich supply chain management, adheres to excellent quality and affordable prices, fully benefits customers, and reduces customer procurement costs to provide high-quality services and products for customers.

We lie in the very beautiful city Liaocheng, Shandong Province China and enjoy the elegant environment and convenient transportation. Sincerely welcome friends both in and abroad visit us and your need is our pursuit and objective.
