SHANDONG JINJIAHE CONSTRUCTION MACHINERY EQUIPMENT CO. LTD

- Overall construction of concrete mixing plant
- Concrete cleaning sand and gravel separator
- ERP Mixing Plant Management System
- Mixing plant sewage zero discharge equipment
- Integrated dust collection system for mixing plant
- Mixing plant accessories and maintenance services

Technological innovation empowers industry

Company Profile

Shandong Jinjiahe Engineering Machinery Equipment Co., Ltd. is located in Liaocheng, a historical and cultural city known as the "Jiangbei Water City" and "Canal Ancient Capital"; We are an innovative company dedicated to the research and manufacturing of concrete mixing plant equipment and environmental protection equipment. Our company integrates technology research and development, planning and design, equipment manufacturing, construction and installation, equipment sales, and after-sales service. We specialize in providing solutions for environmental protection and emission reduction in the fields of concrete mixing plants, construction material yards, construction sites, logistics ports, and public services. The main products designed, developed, and manufactured include: concrete mixing plants, zero discharge sewage equipment for mixing plants, sand and gravel separators, stone washing machines, sand screening machines, filter presses, dust suppression piles, sewage mixers, and other environmental protection equipment, as well as ERP management software for concrete mixing plants. To solve the problem of difficulty in finding accessories and large price differences for domestic mixing plant enterprises, our company has set up a concrete mixing plant accessory warehouse, covering an area of more than 3000 square meters, covering various brands of mixing plant equipment accessories. The categories are complete, the quality is preferred, the prices are open and transparent, and the delivery is fast and efficient. We look forward to providing thoughtful services for all mixing plant enterprises. The company adheres to the business philosophy of "efficient customer service, service driven sales" and has gained an excellent reputation in the industry; The company has successfully passed ISO9001 quality management system certification, ISO14001 environmental management system certification, ISO45001 occupational health and safety management system certification. In addition, the company has applied for and passed GB/T27922-2011 five-star after-sales service certification, AAA enterprise credit rating certification SA8000: 2014 Social Responsibility Management System Certification; And established cooperative relationships with state-owned enterprises such as China Railway Group, China Communications Construction Corporation, China Hydropower Group, Gezhouba Engineering Company, Shandong Expressway Group, Shandong Shanshui Group, etc; Fly your dreams beyond infinity, cultivate diligently and look forward to moving forward. Jin Jiahe people will not fear any challenges and continue to advance towards higher goals.
