KWIKSTAGE SCAFFOLDING SYSTEM

Brief of Kwikstage scaffoldings

Kwikstage scaffolding is a universally established prefabricated scaffolding system, which can be used for both Access and Shoring application.

The "V" pressing steel in clusters, at 495mm intervals, provides connection points for Ledgers, Transoms and Diagonals.

The surface can be made by Dip painting, Electro zinc plating and Hot dip galvanizing.

Advantages

1. The simple and fast connection method makes Kwikstage scaffoldings a versatile, efficient and cost effective alternative to traditional tube and coupler scaffolds.
2. The system can be used for both Access and Shoring application.
3. The system can cover the corner or other irregular shape of buildings easily with the accessories.

Constituent parts of Kwikstage scaffoldings

Standards with Spigot

Item number	Length(mm)
K001 3000	3000
K001 2500	2500
K001 2000	2000
K001 1500	1500
K001 1000	1000
K001 500	500

Ledgers

Item number	Length(mm)
[redacted]	
K002 2438	2438
K002 1828	1828
K002 1270	1270
K002 1000	1000
K002 812	812
K002 760	760
K002 560	560

Transoms

Item number	Length(mm)
[redacted]	
K003 2390	2390
K003 1780	1780
K003 1222	1222
K003 952	952
K003 764	764
K003 712	712
K003 512	512
K003 482	482

Diagonal Braces

Item number	Length(mm)
K004 3475.2	3475.2
K004 3141.5	3141.5
K004 2855.1	2855.1
K004 2696.4	2696.4

Toeboard Bracket

Item number:

Used to hold one or two toeboards in position

K009

End Toe Board Bracket

Item number:

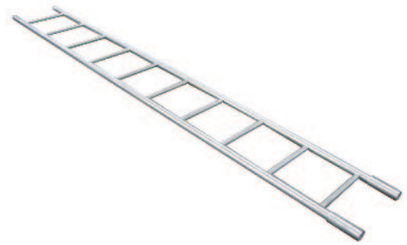

Used to hold end toeboard into position

K010

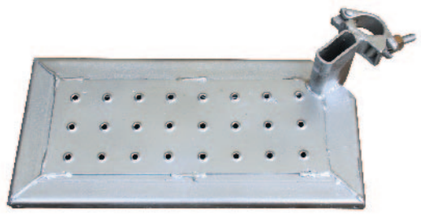

Steel Ladder

Item number	Length(mm)
K011 3600	3600
K011 4200	4200
K011 5100	5100
K011 6300	6300

Steel Corner Filler

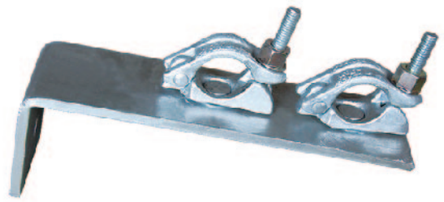

Item number	Length(mm)
K012 1/4	260*245
K012 1/2	210*520
K012 2/2	520*520
K012 3/2	750*520

Steel Wall Tie Bracket

Item number: K013

Length: 230*100*10mm

Access Post

Item number: K014

Length: 1050mm

Kick Board

Item number	Length(mm)
K015 710	710
K015 1220	1220

Truss Transom

Item number	Length(mm)
K016 1800	1800
K016 2400	2400

Standard-trim

Item number: K017

Steel Base Jack

Item No.: K018

Type: 1.Solid Base Jack

2. U-head Base Jack

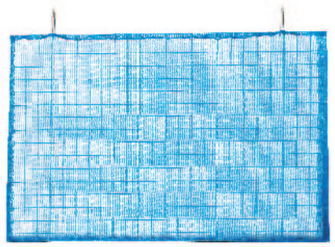

3. Swivel Base Jack

Safty Net

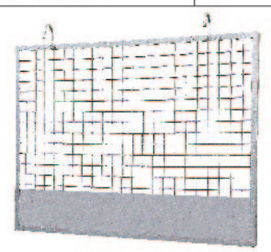

Item number: K019

Length:1070*1225mm

Mesh Panel

Item number	Length(mm)
K020 2360	2360
K020 1770	1770
K020 1170	1170

Aluminium stair with handrails

Item number: K021 1500

Length: 1500mm

Aluminium Strecher Stairway

Item number: K023

Length: 1015*1170mm

LA Transom

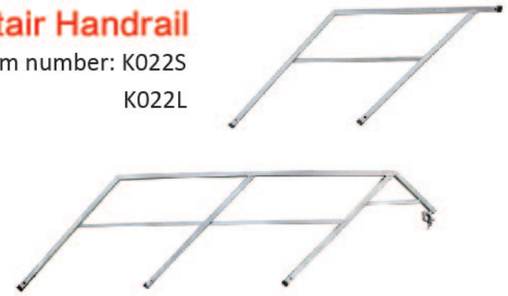

Item number	Length(mm)
K024 2400	2400
K024 1800	1800
K024 1200	1200
K020 700	700

Stair Handrail

Item number: K022S

K022L

Aluminium Strecher Stairway

Item number: K024

Length: 2039*594mm

Mesh Pallet

Item number: K025M

Size :870*870*700mm

Stillage Pallet

Item number: K025S

Size :870*870*700mm
