TAT 1500 Technical data			
Max. lifting height	8660mm	Max. load capacity	1500kg
Driving wheel	Continuous Track	Rated power	14.5kw
Uphill capability	15%	Suction cup	Dia. 400mm * 8
Vacuum system	Vacuum per suction	Alert indication	Light and acoustic
Max horizontal outreach	6200mm	Tilting degree	0-180°
Rotating degree	360° Endless	Side shifting	150mm
Side turning	90° on both sides	Up & Down shifting	100mm
Arm Rotating degree	360°	Batteries	LFP 51.2V 173AH*4
Max. Working time	6-8h	Charging Power	AC220V/110V~240V
Min. Dimensions	4475*1480*2336mm	Selfweight	7110kg

- **Electric control of**
  - **Lifting**
  - **Extension**
  - **Rotating**
  - **Tilting**
  - **Side shifting**
  - **Side turning**
  - **boom rotating**
  - **Extend the outriggers**
- **Forklift, Winch, Suction Cup on options**
- **Wireless remote control**
- **Speed sensibly controlled**
- **Powered by LFP battery**
- **Independent vacuum system per suction cup**
- **Rotatable boom increases the working range**

TAT-1500 Load Graph

Max. Load:1500kg

Tha Max. Load accords the length of extended arm !
