肥城龙山机械有限公司

Feicheng Longshan Machinery Co., Ltd.

企业简介 COMOANY PROFILE

肥城龙山机械有限公司坐落于中外驰名的佛桃之乡 -- 山东省肥城市。北临泉城济南，东接东岳泰山，紧靠京沪高速和京沪高铁泰安站，交通便利。

企业始建于 2000 年，是集锻造、机械加工及热处理于一体的综合型企业，是山东大学材料工程学院、山东理工大学机械工程学院校企联合教学实验基地。公司技术创新实验有三维制图、三维建模加工和三维或型软件。质量控制有化学成分、金相组织、硬化性能、低倍组织、晶粒度、非金属夹杂物检验、探伤、三坐标测量等手段齐全完善，具备国家二级理化检测资质，可确保产品质量满足用户需求。

公司占地面积 35000 平方米，固定资产净值 8000 万，年销售收入 2 亿元。公司拥有 1600T、4000T 摩擦压力机生产线，1600T、5000T 轮边支撑轴自动化锻造线，3000 吨多项模锻生产线及活塞杆多向模锻生产线共 6 条。机加工拥有 200 余台数控高精加工设备。热处理设备有高、中频淬火机床、井式淬火、回火炉、调质生产线、叉车式热处理线、氮化炉等。

主要产品：工程机械车桥用轮边支撑轴、轴头，内齿圈，减速机内齿圈，油缸用缸底、杆头、整体锻造活塞杆。

Feicheng Longshan Machinery Co., Ltd. is located in Feicheng City, Shandong Province the renowned hometown of Buddha Peaches. Bordering Jinan (the Spring City) to the north and Mount Tai to the east, the company enjoys convenient transportation, with easy access to the Beijing–Shanghai Expressway and Tai' an Station of the Beijing–Shanghai High–Speed Railway.

Founded in 2000, it is an integrated enterprise specializing in forging, mechanical processing and heat treatment. It serves as a university–enterprise joint teaching and experimental base for the School of Materials Science and Engineering, Shandong University, and the School of Mechanical Engineering, Shandong University of Technology. The company adopts 3D drawing, 3D modeling & machining and 3D forming software for technical innovation and testing. Its quality control system is fully equipped with inspection capabilities covering chemical composition, metallographic structure, hardenability, macrostructure, grain size, non–metallic inclusions, flaw detection, coordinate measuring machine (CMM) testing and more. Holding Class–II national physical and chemical inspection qualification, the company is capable of guaranteeing product quality to meet customer requirements.

Covering an area of 35,000 square meters, the company has a net fixed asset value of 80 million RMB and an annual sales revenue of 200 million RMB. It operates six forging production lines, including 1600T & 4000T friction screw press lines, automated forging lines for 1600T & 5000T wheel support shafts, a 3000–ton multi–directional die forging line and a multi–directional die forging line for piston rods. The machining workshop is equipped with over 200 sets of high–precision CNC processing equipment. Heat treatment facilities include high & medium frequency quenching machines, pit–type quenching and tempering furnaces, quenching and tempering production lines, forklift–type heat treatment lines, nitriding furnaces, etc.

Main Products: Wheel support shafts, axle heads, inner gear rings for construction machinery axles, reducer inner gear rings, cylinder bottoms, rod heads and integrally forged piston rods for hydraulic cylinders.

公司经营理念：诚信经营、合作共赢
公司核心价值观：诚信、责任、敬业、创新
公司质量理念：质量是企业的生命

Business Philosophy of the Company:
integrity management and win–win cooperation
Core Values of the Company:
integrity, responsibility, dedication and innovation
Quality Philosophy of the Company: Quality is the life of an enterprise

诚信宗旨

诚为本 客为尊 质更优 价更廉 共发展 利双赢

Our tenet Integrity
Sincerity as base, Customer–oriented, striving for a better quality with a lower price, Mutual development, Win–win situation

微信赢天下 品质印人心

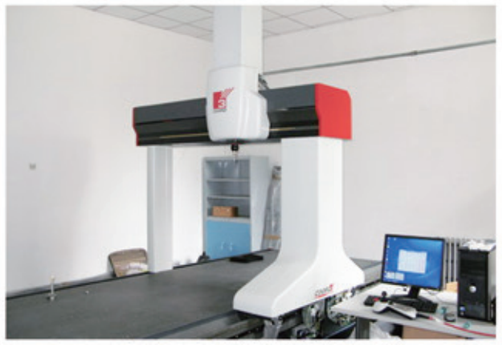

Integrity wins the world and quality stays in the heart.
